Division of Workers Compensation**

The Kansas Workers Compensation Schedule of Medical Fees incorporates portions of the following documents:

1. The *Current Procedural Terminology*, Fourth Edition, copyright 2006 (a.k.a. *CPT* 2007) by the American Medical Association
2. The *Current Dental Terminology, CDT-2007/2008*, copyright 2006, published by the American Dental Association
3. The *Relative Values for Dentists 2007*, copyright 2006, published by Relative Value Studies, Inc. of Broomfield, Colorado
4. The *2007 Relative Value Guide*, copyright 2006, developed by the American Society of Anesthesiologists
5. The *2007 Essential RBRVS*, a comprehensive listing of RBRVS values for *CPT* and *HCPCS* Codes, copyright 2006 Ingenix, except for the current schedule listing of Evaluation and Management where previously enacted values continue to remain in effect.
6. The *2007 HCPCS* allowances that were obtained from the DMEPOS Fee Schedule of the Centers for Medicare & Medicaid Services (CMS).

Some of the most important revisions that have been incorporated within this Schedule of Medical Fees are as follows:

1. The separate section for Home Infusion Procedures/Services has been eliminated. The rules and codes for Home Infusion have now been incorporated into the Home Health Procedures/Services Section.
2. A new section identified as "Education and Training for Patient Self-Management" has been added. A Conversion Factor of \$53.96 has been established.
3. A new section identified as "Qualifying Circumstances for Anesthesia" has been added. A Conversion Factor of \$48.75 has been established.
4. A new section identified as "Moderate (Conscious) Sedation" has been added. A Conversion Factor of \$53.96 has been established.
5. A new section identified as "Other Services and Procedures" has been added. A Conversion Factor of \$53.96 has been established.
6. The Conversion Factors for various sections of the fee schedule have been changed as follows:

Surgery: Conversion Factor changed from \$67.95 to \$78.07

Radiology: Conversion Factor changed from \$63.15 to \$60.70

Medicine: Conversion Factor changed from \$52.42 to \$53.96

Physical Medicine: Conversion Factor changed from \$43.80 to \$44.76

Osteopathic Manipulative Treatment: Conversion Factor changed from \$54.43 to \$56.70

Chiropractic Manipulative Treatment: Conversion Factor changed from \$50.75 to \$53.05

Evaluation and Management: Conversion Factor changed from \$46.33 to \$47.72

7. Reimbursement for Surgical Implants has been decreased from 50% to 20% above invoice cost.
8. Reimbursement for Durable Medical Equipment supplied by a hospital or ambulatory surgical center has been decreased from 50% to 20% above invoice cost.
9. Reimbursement for other medical equipment and supplies (except for Prosthetic and/or Orthotic devices) that has been deemed to be medically necessary has been decreased from the "supplier's cost plus 50%" to the "supplier's cost plus 40%".
10. The Official Disability Guidelines-Treatment in Workers Compensation (ODG) that is published by the Work Loss Data Institute (WLDI) has been adopted as the primary standard of reference for evidence-based medicine used in caring for injured workers. Medical treatment guidelines are not requirements, nor are they mandates; they are to provide advice to help those who make health care decisions regarding the care of injured workers.
11. Reimbursement for the 2<sup>nd</sup> through the 4<sup>th</sup> additional surgical procedures, as per the Multiple Surgical Procedures rule within the Surgery Section, has been modified to be paid at 50% of the maximum allowable payment. Payment for any additional procedures will be determined strictly by report (BR).
12. The rule pertaining to the Reproduction of Medical Records has been expanded to stipulate that ancillary expenses such as charging a fee for notarized affidavits is not to occur.
13. The Hospital/Ambulatory Surgical Center Section has been changed to delete the DRG system completely from the fee schedule. Also, the variable discounts have been changed from 15%, 12.5%, and 10% to 30%, 20%, and 15%, respectively as it relates to Peer Groups 1, 2 , and 3.
14. The discount that is applicable to Nursing Homes/Intermediate Care Facilities for reimbursement purposes has been changed from 10% to 15%.

This Schedule of Medical Fees, planned for implementation January 1, 2008, was approved by the Workers Compensation Director on June 15, 2007.

The contract agreement existing between the American Medical Association (AMA) and the Kansas Department of Labor prohibits the fee schedule inclusion of individual *CPT* code descriptions. This is a policy decision by the AMA and is similarly applied to other jurisdictions who publish medical fee schedules for Workers Compensation. For the applicable *CPT* 2007 Code descriptions, refer to the *Current Procedural Terminology*, copyright 2006 (a.k.a. *CPT* 2007), available through the American Medical Association.

Although the American Dental Association contract agreement does not prohibit the inclusion of *CDT* code descriptions, those descriptions will not be included within the fee schedule, so as to maintain a uniform presentation format for all codes employed to obtain reimbursement for services provided. For the applicable *CDT* code descriptions, refer to the *Current Dental Terminology, CDT-2007/2008*, available through the American Dental Association.

# INTRODUCTION

In accordance with the provisions of Substitute for HOUSE BILL No. 3069 that was enacted by the 1990 Kansas Legislature, and through the assistance of the advisory panel that was created by law to assist the Director in the establishment of a Schedule of Medical Fees, this fee schedule has been adopted and is to be used as the basis for the billing or payment of medical, surgical, hospital, dental, nursing, vocational rehabilitation, or any other treatment or services that are provided to injured workers under the Workers Compensation Law of the State of Kansas.

This Schedule of Medical Fees governs the medical services provided to injured workers by health care providers including the medical services provided by registered physical and occupational therapists, and the medical services of a hospital or other health care facility; it also governs facilities and agencies providing vocational rehabilitation services. The maximum allowable fees and unit values contained within this schedule, which vary by the specific type of service, take into consideration the difficulty in performing a certain type of service that is based upon the risk, time, ability, and skill involved. Note specifically the code designation by type of service being provided. These codes have been adopted by various medical societies and associations (e.g., American Medical Association, American Dental Association) and are to be used in the respective billing or payment of medical services involving injured workers. **Note: The maximum allowable payment to a physician is to be limited to the maximum allowable payment contained within the appropriate sections of this fee schedule, regardless of who either bills for the service or where the service(s) was/were provided. Billing for all physician services, whether provided in a physician's office, hospital, or any other setting, must be submitted using the CMS 1500 form or an equivalent form containing the same information. Additionally, and to assure that Cost Containment is achieved, nothing in this fee schedule shall preclude an employer (or insurance carrier) from entering into payment agreements to promote the continuity of care and reduction of health care costs. Such payment agreements, if less, will supersede the limitation amounts specified herein. Please refer to K.S.A. 44-510i(e) for further clarification, if necessary.**

The maximum allowable payment for physician assistants or advanced practice nurses is limited to eighty-five percent (85%) of the maximum allowable fee associated with the *CPT* code submitted.

The unit values for the respective *CPT* codes listed within this Schedule of Medical Fees expresses the relativity, based on comparative magnitude, between various procedures and services. Thus, the maximum fee schedule amount for a particular procedure or service is determined by multiplying the listed unit value by the applicable conversion factor for the section in which the service or procedure is located. See the "Conversion Factors" at the end of this Introduction Section for the applicable conversion factors.

With regard to Anesthesia, the Basic Unit Values contained within the Anesthesia Section of this Schedule of Medical Fees were obtained from the *2007 Relative Value Guide* developed by the American Society of Anesthesiologists (ASA), which is recognized as an appropriate assessment of current relative values for specific procedures related to anesthesiology.

The accompanying General Instructions, and Ground Rules that are applicable to each section, explain the application of the *CPT* codes and unit values. It is important to remember that this fee schedule has been developed anticipating that it can be used by all health care providers. Note, however, that appropriate surgical codes are not confined to use by surgeons, nor are the Medicine or Evaluation and Management Sections confined to use by specialists, internists, etc.

Since this fee schedule is applicable to the entire state of Kansas, the maximum allowable fees, unit values, and conversion factors contained herein do not necessarily reflect the charges or services of any specific type of health care provider, nor are they to reflect the current usual and customary fee for any specific area in the state of Kansas.

All the maximum allowable fees or unit values (with the use of a conversion factor) listed herein represent the maximum payment to be reimbursed for the treatment or service provided. **It is important to remember that reimbursement for any needed services is to be limited to the schedule of charges hereby being adopted or the health care provider's usual and customary charge, whichever is less. All bills submitted for payment must include the actual charges plus the categorization of the charges as per the codes contained in this Schedule of Medical Fees.** There is a provision, however, for allowing a greater fee if it can

# INTRODUCTION

be clearly established that extraordinary services were required in a particular case. In such a case, this fee is subject to approval by the Director of Workers Compensation.

**Medical treatment provided by Out-of-State Providers:** For any service (emergency or non-emergency) that is provided by an out-of-state provider, and if a claim is filed under the Kansas Workers Compensation Law, reimbursement for such service is to be limited to the maximum allowable payment contained within the appropriate sections of this fee schedule. Thus, any out-of-state provider who willingly provides medical service to an injured worker who is seeking benefits under the Kansas Workers Compensation Law, must realize that said service is to be limited to this fee schedule and should take the necessary steps to receive authorization from the insurance company, employer, or payer prior to providing said service. Prior authorization for such services should be obtained to assure that the processing of a Workers Compensation claim will not be denied. Additionally, absent any pre-approval by the insurance company, employer, or payer, balance billing the injured worker, or any other party, for the services provided is prohibited.

**Medical Treatment Guidelines:** The *Official Disability Guidelines-Treatment in Workers Compensation* (ODG), published by Work Loss Data Institute (WLDI), is to be recognized as the primary standard of reference, at the time of treatment, in determining the frequency and extent of services presumed to be medically necessary and appropriate for compensable injuries under the Kansas Workers Compensation Act, or in resolving such matters in the event a dispute arises. **Note that medical treatment guidelines are not requirements, nor are they mandates or standards; they simply provide advice by identifying the care most likely to benefit injured workers. The ODG are evidence-based, scientifically valid, outcome-focused, and designed to reduce excessive or inappropriate medical care while safeguarding necessary medical care.**

Any service or charge that is not contained within this fee schedule is to be determined by referring to the "Procedures/Services Listed Without Specified Maximum Allowance" rule found within the General Instructions Section. See also the "Procedures Listed Without Specified Maximum Allowance" rule found within each individual section.

**STANDARDIZED BILLING FORM:** Health care providers, including ambulatory surgical centers, pharmacists, and suppliers of medical equipment and supplies shall use the CMS 1500 form or an equivalent form containing the same information for the billing of their services, drugs, or supplies. Dental offices shall use the ADA-94 form or an equivalent form containing the same information. Hospitals shall use Form UB-04.

Any insurance company, employer, or other payer who reduces or denies charges from a provider according to the general instructions, ground rules, unit values, or maximum fees contained within this fee schedule must show the **specific** basis of the reduction or denial by use of an "**Explanation of Benefits**" form. The **specific** general instruction, **specific** ground rule, **specific** unit value or **specific** maximum fee that was used for the reduction or denial must be indicated or identified. When payment is reduced or denied on some other basis, the "**Explanation of Benefits**" form must contain a complete explanation as to why, for example, the service was unreasonable, the service was more appropriately defined by another procedure code, or the service was not related to a compensable injury. When any such reduction or denial occurs, the "**Explanation of Benefits**" form shall also include: 1) the identity of the person or entity that made the decision for the reduction or denial; 2) the identity of the person or entity that is ultimately responsible for payment; and 3) the telephone number of such person or entity where further explanation of the reduction or denial can be obtained. **In the event a controversy arises between the provider and the payer, an attempt should be made by the involved parties to resolve said issue(s). Issues which cannot satisfactorily be resolved should then be referred to the Director of Workers Compensation for review.**

As a further attempt to avoid controversy arising between the provider and the payer for failure to make timely payment for any medical services provided, it is recommended that the insurance company or self-insured employer make payment for any medical services that were provided either: 1) within 30 days of receiving the bill submitted and any necessary documentation required by the fee schedule, or; 2) within 30 days of it being determined that the medical service provided is the result of an injury that is compensable under the Workers Compensation Law.

# INTRODUCTION

Where the word "physician" appears within this fee schedule it shall mean, where appropriate, a "health care provider" as defined by the Kansas Workers Compensation Law.

**SPECIAL NOTE:** The five-digit codes included in this Schedule of Medical Fees (with the exception of the Dentistry Section and the Medical Equipment and Supplies Section) are obtained from *Current Procedural Terminology (CPT)*, copyright 2006 by the American Medical Association (AMA). *CPT* is developed by the AMA as a listing of descriptive terms and five-digit codes and modifiers for reporting medical services and procedures performed by physicians.

The responsibility for the content of the Schedule of Medical Fees is with the state of Kansas Division of Workers Compensation and no endorsement by the AMA is intended or should be implied. The AMA disclaims responsibility for any consequences or liability attributable or related to any use, nonuse or interpretation of information contained in the Schedule of Medical Fees. No fee schedules, basic unit values, relative value guides, conversion factors or scales are included in any part of *CPT*. Any use of *CPT* outside of Workers Compensation Schedule of Medical Fees should refer to the most recent publication of the AMA *Current Procedural Terminology* which contains the complete and most current listing of *CPT* codes and descriptive terms. Applicable FARS/DFARS apply.

Relative value units for anesthesia services have been excerpted from the *2007 Relative Value Guide*, copyright 2006 by permission of American Society of Anesthesiologists.

The five-digit codes included in the Dentistry Section of this Schedule of Medical Fees are obtained from the publication of the American Dental Association titled *Current Dental Terminology, CDT-2007/2008*.

**ADDITIONAL SPECIAL NOTE:** The Kansas Workers Compensation Law specifically prescribes that an injured employee shall not be liable for any charges above the amount contained within this fee schedule. The respective section of the Kansas Workers Compensation Law (K.S.A. 44-510j) that prohibits an injured employee for being liable for any charges above the amount contained within this fee schedule reads as follows:

Any health care provider, nurse, physical therapist, any entity providing medical, physical or vocational rehabilitation services or providing reeducation or training pursuant to K.S.A. 44-510g and amendments thereto, medical supply establishment, surgical supply establishment, ambulance service or hospital which accept the terms of the workers compensation act by providing services or material thereunder shall be bound by the fees approved by the director and no injured employee or dependent of a deceased employee shall be liable for any charges above the amounts approved by the director.

**Interpreter Services:** If the services of an interpreter are required for the provision of medical care to a hearing impaired, speech impaired, or other person whose primary language is other than English, the following will apply:

- Maximum allowable payment for the first hour or less is limited to \$35.00.
- Each additional quarter hour increment of time is to be paid at \$8.75 per quarter hour increment.
- Any reimbursement for necessary travel mileage (including any tolls and parking fees actually incurred) is to be at the rate prescribed for compensation of state officers and employees pursuant to K.S.A. 75-3203a.

Formula: unit value multiplied by conversion factor = maximum fee schedule amount.

# **GENERAL INSTRUCTIONS**

## **FOR USING THE SCHEDULE**

### **FORMAT**

Twenty-five major sections comprise this Fee Schedule: Anesthesia; Surgery; Radiology (including Nuclear Medicine and Diagnostic Ultrasound); Pathology and Laboratory; Medicine; Physical Medicine and Rehabilitation; Medical Nutrition Therapy; Acupuncture; Osteopathic Manipulative Treatment; Chiropractic Manipulative Treatment; Education and Training for Patient Self-Management; Special Services, Procedures and Reports; Qualifying Circumstances for Anesthesia; Moderate (Conscious) Sedation; Other Services and Procedures; Evaluation and Management; Home Health Procedures/Services; Dentistry; Hospital/Ambulatory Surgical Center; Medical Equipment and Supplies; Prescription Services; Vocational Rehabilitation Services; Depositions, Testimony, and Medical Records Reproduction; Ambulance and Aircraft Services; and, Nursing Homes/Intermediate Care Facilities. This Fee Schedule is divided into these sections for structural purposes only. Providers of medical services and/or suppliers are to use the section(s) which contain the procedures they perform, or the services they render.

Also included in this Fee Schedule is a separate section identified as **Appendix B - Quick Reference Table**, which is to be considered only as a supplement to this Fee Schedule. This appendix is provided for use in determining the maximum fee that is associated with a particular procedure code. Note specifically that each maximum fee found therein is calculated by multiplying the respective conversion factor of this Fee Schedule by the unit value of the procedure code.

### **GROUND RULES**

Introductory material, known as Ground Rules, precedes the separate sections of this Fee Schedule and contains the necessary general information, instructions, and general rules with which the user needs to become acquainted before undertaking the use of this Fee Schedule. Familiarity with these general rules, which may include definitions, references, prohibitions, and directions for their proper employment, is necessary for all who use this Fee Schedule. It cannot be emphasized too strongly that these rules need to be read before this schedule is used.

### **PROCEDURES/SERVICES LISTED WITHOUT SPECIFIED MAXIMUM ALLOWANCE**

Some procedures/services are not accompanied by allowable fees. Procedures/services denoted "by report" (BR) in the unit value column are too unusual or variable in the nature of their performance, too new, or too infrequently performed to permit the assignment of a unit value. Fees for such procedures/services need to be justified "by report." The report should contain sufficient supportive information to permit proper identification. Pertinent information should be furnished concerning the nature, extent, and need for the procedure or service, the time, the skill, and equipment necessary, etc. For any procedure/service where the unit value is "BR," the health care provider shall establish a charge that is consistent with other unit values shown in the Schedule. The insurance carrier or self-insured employer should review all submitted "BR" amounts to assure that an excessive charge for services provided is not occurring. **Note also that for any procedures/services not listed within this Fee Schedule, the associated charge(s) will need to be substantiated "by report" (BR).**

### **DEFINITIONS**

**New Patient:** One who has not received any professional services from the physician or another physician of the same specialty who belongs to the same group practice, within the past three years.

**Established Patient:** One who has received professional services from the physician or another physician of the same specialty who belongs to the same group practice, within the past three years. In the instance where a physician is on call for or covering for another physician, the patient's encounter will be classified as it would have been by the physician who is not available.

Note that no distinction is made between new and established patients in the emergency department. E / M services in the emergency department category may be reported for any new or established patient who presents for treatment in the emergency department.

# GENERAL INSTRUCTIONS

**Modifiers:** A modifier (**located in Appendix A**) provides the means by which the reporting physician can indicate that a service or procedure, that has been performed, has been altered by some specific circumstance but not changed in its definition or code. Only one modifier should be added to any single five-digit code submitted by an individual health care provider. The judicious application of modifiers obviates the necessity for separate procedure listings that may describe the modifying circumstance. Modifiers may be used to indicate to the recipient of a report that:

- A service or procedure has both a professional and technical component.
- A service or procedure was performed by more than one physician or in more than one location.
- A service or procedure has been increased or reduced.
- Only part of a service was performed.
- An adjunctive service was performed.
- A bilateral procedure was performed.
- A service or procedure was provided more than once.
- Unusual events occurred.

## MODIFIER EXAMPLES

1: A physician providing diagnostic or therapeutic radiology services, ultrasound, or nuclear medicine services in a hospital would use modifier -26 to report the professional component, as follows:

73090-26 = Professional component only for an x-ray of the forearm

2: Two surgeons, usually with different skills, may be required to manage a specific surgical problem. The modifier -62 would be applicable. Modifier -62 would be appropriate only when both surgeons are reporting the same code number and descriptor. For instance, a neurological surgeon and an otolaryngologist are working as co-surgeons in performing transsphenoidal excision of a pituitary neoplasm. The first surgeon would report:

61548-62 = Hypophysectomy or excision of pituitary tumor,  
transnasal or transseptal approach,  
nonstereotactic + two surgeons modifier

**AND** the second surgeon would report:

61548-62 = Hypophysectomy or excision of pituitary tumor,  
transnasal or transseptal approach,  
nonstereotactic + two surgeons modifier

A listing of modifiers pertinent to **ANESTHESIA, SURGERY, RADIOLOGY, PATHOLOGY AND LABORATORY, MEDICINE, and EVALUATION AND MANAGEMENT** are located in **Appendix A - Modifiers**.

# ANESTHESIA GROUND RULES

1. **GENERAL:** All anesthesia values are determined by taking the **BASIC UNIT VALUE**, which is related to the complexity of the service, and adding **MODIFYING UNITS** (if any), and **TIME UNITS**. The fee for a particular procedure or service in this section is determined by multiplying the listed "Basic Unit Value" by the conversion factor that is applicable to this section.

The values contained within this section apply when the anesthesia care is provided by or under the medical supervision of qualified physician. This anesthesia care may include but is not limited to general, regional, monitored anesthesia care, supplementation of local anesthesia, or other supportive services in order to afford the patient the anesthesia care deemed optimal. For anesthesia care provided by nurse anesthetists, billing for independent unsupervised services, payment will be limited to 85% of the maximum allowable fee associated with the *CPT* code submitted.

2. **BASIC UNIT VALUE:** A Basic Unit Value is listed for anesthetic management of most surgical procedures. This includes the value of all usual anesthesia services except the time actually spent in anesthesia care and any modifiers. The usual anesthesia services included in the Basic Unit Value include usual pre-operative and post-operative visits, the administration of fluids and/ or blood products incident to the anesthesia care and interpretation of non-invasive monitoring (ECG, temperature, blood pressure, oximetry, capnography, and mass spectrometry). Placement of arterial, central venous and pulmonary artery catheters and use of transesophageal echocardiography (TEE) are not included in the basic unit value.

A service that is rarely provided, unusual, variable, or new may require **a special report in determining medical appropriateness of the service.**

When multiple surgical procedures are performed during a single anesthetic administration, only the anesthesia code with the highest basic unit value is reported. (The time reported is the combined total for all procedures.) Add-on codes are an exception to this policy. They are listed in addition to the code for the primary procedure.

When it is necessary to have a second attending anesthesiologist assist with the preparation and conduct of the anesthesia, these circumstances should be substantiated "By Special Report." Such services shall have a Basic Unit Value of 5.0 Units plus Time Units.

Any procedure around the head, neck, or shoulder girdle, requiring field avoidance, or any procedure requiring a position other than supine or lithotomy, has a minimum Basic Unit Value of 5.0 regardless of any lesser Basic Unit Value assigned to such procedure in the body of the Relative Value Guide.

3. **ANESTHESIA MODIFIERS:** All anesthesia services are reported by use of the anesthesia five-digit procedure code plus the addition of a physical status modifier. These modifying units may be added to the basic unit value. The use of other optional modifiers may also be appropriate.

## Physical Status Modifiers

Physical status modifiers are represented by the initial letter P followed by a single digit from 1 to 6 as defined below:

		Unit Value
P1	- A normal healthy patient .....	0
P2	- A patient with mild systemic disease .....	0
P3	- A patient with severe systemic disease.....	1
P4	- A patient with severe systemic disease that is a constant threat to life .....	2

# ANESTHESIA GROUND RULES

	<u>Unit Value</u>
P5 - A moribund patient who is not expected to survive without the operation.....	3
P6 - A declared brain-dead patient whose organs are being removed for donor purposes .....	0

The above six levels are consistent with the American Society of Anesthesiologists (ASA) ranking of patient physical status. Physical status is included in *CPT* to distinguish between various levels of complexity of the anesthesia service provided.

## Other Modifiers (Optional)

Under certain circumstances, medical service and procedure codes need to be further modified. For other modifiers that may need to be used for **Anesthesia**, refer to Appendix A - Modifiers.

4. **TIME UNITS (TM):** TIME UNITS WILL BE ADDED TO THE BASIC UNIT VALUE AND MODIFYING UNITS AS IS CUSTOMARY IN THE LOCAL AREA. Anesthesia time begins when the anesthesiologist begins to prepare the patient for anesthesia care in the operating room or in an equivalent area, and ends when the anesthesiologist is no longer in personal attendance, that is, when the patient may be safely placed under other post-anesthesia supervision.

The time units are calculated by allowing one unit for each 15 minutes or significant fraction thereof (7.5 minutes or more) of anesthesia time. If anesthesia time extends beyond three hours, 1.0 unit for each 10 minutes or significant fraction thereof (5 minutes or more) is allowed after the first three hours. Documentation of actual anesthesia time may be required, such as a copy of the anesthesia record in the hospital file.

5. **UNLISTED SERVICE OR PROCEDURE:** When an unlisted service or procedure is performed, the values used should be substantiated "By Special Report." For an unlisted service or procedure, the health care provider or anesthetist shall establish a unit value consistent with other unit values listed in the schedule.
6. **MATERIALS SUPPLIED BY HEALTH CARE PROVIDER:** Supplies and materials provided by the health care provider or anesthetist (e.g., sterile trays, drugs) over and above those usually included with the office visit or other services rendered may be listed separately. The statement of charges will need to reflect any drugs, trays, supplies, and materials that were provided. Payment shall not exceed the cost of the item(s) to the health care provider plus 25%, or the cost of the item(s) plus \$15.00 per item, **whichever is less**. Use procedure code 99070.
7. **SUPPLEMENTAL SKILLS:** When warranted by the necessity of supplemental skills, values for the services of two or more health care providers and/or anesthetists will be allowed. Substantiate by report.
8. **MONITORING SERVICES:** When an anesthesiologist or anesthetist is required to participate in and be responsible for monitoring the general care of the patient during a surgical procedure but does not administer anesthesia, these services are charged on the basis of the extent of the services rendered. Payment is to be made on the basis of the time units the anesthesiologist or anesthetist is in constant attendance for the sole purpose of the monitoring services; therefore, basic unit values are not to be added.
9. **ANESTHESIA ADMINISTERED, OTHER THAN BY AN ANESTHESIOLOGIST OR ANESTHETIST:** Anesthesia fees are not payable when local infiltration, digital block, or topical anesthesia is administered by the operating surgeon or surgical assistants. Such services are included in the Unit Value for the surgical procedure.

# ANESTHESIA GROUND RULES

- 10. OTHER FEES:** The Unit Values for surgery, x-rays, laboratory procedures, consultation and other medical services, and office and hospital visits are listed in the following sections: Surgery, Radiology, Pathology and Laboratory, Medicine, Physical Medicine and Rehabilitation, and Evaluation and Management. A consultation fee is not payable to an anesthesiologist examining the patient prior to administering anesthesia to that patient. No additional charge is to be made for routine follow-up care and observation.
- 11. QUALIFYING CIRCUMSTANCES (more than one may be reported):** Many anesthesia services are provided under particularly difficult circumstances depending on factors such as the extraordinary condition of the patient, notable operative conditions, unusual risk factors. This section includes a list of important qualifying circumstances that significantly impact on the character of the anesthetic service provided. These procedures would not be reported alone but would be reported as additional procedure numbers qualifying an anesthesia procedure or service. These modifying units may be added to the basic unit values.

<u>CPT Code</u>	<u>Unit Values</u>
99100 Anesthesia for a patient of extreme age, under one year or over seventy (List separately in addition to code for primary anesthesia procedure).....	1
99116 Anesthesia complicated by utilization of total body hypothermia (List separately in addition to code for primary anesthesia procedure).....	5
99135 Anesthesia complicated by utilization of controlled hypotension (List separately in addition to code for primary anesthesia procedure).....	5
99140 Anesthesia complicated by emergency* conditions (specify) (List separately in addition to code for primary anesthesia procedure).....	2

\* An emergency is defined as existing when delay in treatment of the patient would lead to a significant increase in the threat to life or body part.

- 12. COST CONTAINMENT:** Nothing in this section shall preclude an employer (or insurance carrier) from entering into payment agreements to promote the continuity of care and the reduction of health care costs. Such payment agreements, if less, will supersede the limitation amounts specified herein. Please refer to K.S.A 44-510i(e) for further clarification, if necessary.

## CALCULATION EXAMPLES:

- 1: In a procedure with a Basic Unit Value of 3.0 requiring one hour and forty-five minutes of anesthesia time, the total value should be determined as follows:

Basic Unit Value	= 3.0 units
105 minutes ÷ 15 minutes	= <u>7.0 units</u>
Total value	= 10.0 units

- 2: In a procedure with a Basic Unit Value of 10.0 requiring four hours and twenty minutes of anesthesia time, the total value should be determined as follows:

Basic Unit Value	= 10.0 units
First three hours	= 12.0 units
Subsequent 80 minutes	= <u>.8.0 units</u>
Total value	= 30.0 units

# **ANESTHESIA GROUND RULES**

In both cases, the Maximum Allowable Fee is determined by multiplying the total value units by the Conversion Factor. In billing, list the Basic Unit Value (showing the procedure code and all modifiers) and Time Units separately, as in the following:

$$\begin{array}{ll} \text{Procedure code + Modifier(s)} & = \text{Basic Unit Value} \\ \text{Anesthesia Time} & = \underline{\text{Time Units}} \\ \text{Total value} & = \text{Total units} \end{array}$$

$$\text{Total units} \times \text{Conversion Factor} = \text{Maximum Allowable Fee}$$

# SURGERY GROUND RULES

- 1. PACKAGE OR GLOBAL FEE CONCEPT:** Listed surgical procedures include the surgery itself, local anesthesia, metacarpal/digital block, or topical anesthesia when used, and normal, uncomplicated follow-up care. The Unit Values for all procedures in this section applies to this "package" or "global" service for surgical procedures. To report a postoperative follow-up for documentation purposes only, use 99024 (see Special Services and Reports Section). For preoperative visits, see Ground Rules 3 and 4 below; see the respective Anesthesia Ground Rule pertaining to anesthesia administered by other than an anesthesiologist or anesthetist.
- 2. OPERATIVE REPORT AND BILLING:** A bill for an operative procedure shall be deemed properly submitted **only if** an operative report or an informative description of the surgery performed is received by the payer. If surgery was performed in a hospital or an ambulatory surgery center, a copy of the hospital's or ambulatory surgery center's operative report will suffice. If surgery was performed at some other site and classified as minor surgery, such as at a physician's office, identify the (geographic) location and submit an informative description of the surgery performed.
- 3. IMMEDIATE PREOPERATIVE VISITS AND OTHER SERVICES BY THE SURGEON:** Under most circumstances, including ordinary referrals, the immediate preoperative visit in the hospital or elsewhere that is necessary to examine the patient, or to initiate the treatment program, is included in the Unit Value listed for the surgical procedure.
- 4. SEPARATE PREOPERATIVE CHARGES:** Charges for separate preoperative procedures are sometimes warranted and may be billed under the following circumstances:
  - a) when the preoperative visit is the initial visit (e.g., an emergency) and prolonged detention or evaluation is required to prepare the patient, or to establish the need for and type of surgical procedure.
  - b) when the preoperative visit is an initial consultation, as defined in the Medicine Section of this manual.
  - c) when procedures not usually part of the basic surgical procedure (e.g., myelography prior to laminectomy, bronchoscopy prior to chest surgery) are provided during the immediate preoperative visit.
- 5. FOLLOW-UP CARE FOR DIAGNOSTIC PROCEDURES:** Follow-up care for diagnostic procedures (e.g., endoscopy, injection procedures for radiography) includes only that care related to recovery from the diagnostic procedure itself. Care of the condition for which the diagnostic procedure was performed or of other concomitant conditions is not included and may be billed separately.
- 6. MULTIPLE OR BILATERAL PROCEDURES:** Multiple related procedures shall not warrant an additional fee except in those subsections of the listings where separate codes are given. When more than one identifiable surgical procedure or service is rendered, an additional fee may be warranted. Identify each procedure and bill at full value for the **major** procedure and at 50% for the **lesser** procedure, up to four (4) more additional / secondary procedures paid at 50% of the maximum allowable payment.

When multiple procedures, unrelated to the major procedure and adding significant time or complexity are provided at the same operative session, payment is for the procedure with the highest allowance, plus 50% for the **lesser** procedure, up to four (4) more additional / secondary procedures paid at 50% of the maximum allowable payment

When bilateral procedures are performed that require preparation of separate operative sites (e.g., bilateral carpal tunnel), payment for the second (or bilateral) procedure is to be reimbursed at 75% of the primary procedure.

# SURGERY GROUND RULES

## MULTIPLE/BILATERAL EXAMPLES:

### Related Procedures.

- a) Open reduction of a fracture: the excision of a previous scar, the incision of fascia and muscle, the identification and retraction of nerves, muscles, and area structures, and the closure of the wound (irrespective of type of closure) are all related to the principal procedure of the bone repair and merit **no** additional fee.
- b) Repair of a tendon: the skin incision and linear closure, as well as the identification, incision and retraction of adjacent or overlying structures are related to the principal procedure and merit **no** additional fee.

### Unrelated Procedures.

- a) Multiple lacerations of an area such as the face: an additional fee may be warranted when such lacerations are not continuous.
- b) Closure of an incision or laceration incidental to the repair of deeper structures such as nerves, tendons, etc., does **not** merit an additional fee irrespective of the method of closure.

7. **ADD-ON CODES:** Certain codes, by the nature of their description and the unit values assigned, have already been reduced, as they are not to be billed as primary procedures. For a complete list of the codes which are considered to be add-on codes, refer to the appropriate appendix found within the most recent publication of the **AMA Current Procedural Terminology (CPT)**.
8. **CODES THAT ARE NOT CLASSIFIED AS ADD-ON CODES BUT ARE EXEMPT FROM THE MULTIPLE PROCEDURE RULE / MODIFIER -51:** For a complete list of the codes which fall into this category, refer to the appropriate appendix found within the most recent publication of the **AMA Current Procedural Terminology (CPT)**.
9. **CODES WHICH INCLUDE CONSCIOUS SEDATION:** Certain codes include conscious sedation as an inherent part of providing the procedure. For a complete list of codes that include conscious sedation, refer to the appropriate appendix that is found within the most recent publication of the **AMA Current Procedural Terminology (CPT)**.
10. **FOLLOW-UP OR AFTERCARE:** Follow-up care for therapeutic surgical procedures includes all normal postoperative care, that care which is usually a part of the surgical service. Complications, exacerbations, recurrence of the condition, or the presence of other diseases or injuries requiring additional services concurrent with the procedure may warrant additional charges. If such separate charges are made, explain by report with an adequate description. When an additional surgical procedure is performed during any follow-up care and is related to the previously performed procedure but is not an intrinsic part of the latter, the additional procedure will be paid at one-half the maximum allowable payment.

The column headed "FUD" reflects the amount of days that would be applicable for the particular type of surgical procedure and/or service provided. Note that some procedures show the "FUD" as being XXX, YYY, or ZZZ. The following definitions, which correspond with the Medicare Fee Schedule, are incorporated within this fee schedule:

XXX = Reflects that the global surgery concept does not apply to these codes.

YYY = Reflects that the global period (FUD's) are to be set by the carrier.

ZZZ = Reflects that the codes are an add-on service and are to be treated in the global period (FUD's) of the other procedures that are billed in conjunction with the ZZZ code.

# SURGERY GROUND RULES

- 11. SEPARATE PROCEDURE:** Some of the procedures or services listed are commonly carried out as an integral component of a total service or procedure and are identified by the inclusion of the term "separate procedure." The codes designated as "separate procedure" should not be reported in addition to the code for the total procedure or service of which it is considered an integral component.

However, when a procedure or service that is designated as a "separate procedure" is carried out independently or considered to be unrelated or distinct from other procedures/services provided at that time, it may be reported by itself, or in addition to other procedures/services by appending modifier -59 to the specific "separate procedure" code to indicate that the procedure is not considered to be a component of another procedure, but is a distinct, independent procedure. This may represent a different session or patient encounter, different procedure or surgery, different site or organ system, separate incision/excision, separate lesion, or separate injury (or area of injury in extensive injuries).

- 12. PRIMARY, SECONDARY, OR DELAYED PROCEDURES:** A **primary** procedure is one that is attempted or performed for the first time, irrespective of the relationship to the date of injury or the onset of the condition being treated. **Secondary** refers to a procedure performed when a condition has been previously treated. For example, where a tendon is lacerated and it is elected to close the laceration without suturing the tendon, the first direct repair of the tendon would constitute a delayed but primary repair. In this example, if the first repair is unsuccessful, any subsequent repair of the tendon would be a secondary procedure. Secondary procedures lie within the content of service. **Delayed** procedures have the same Maximum Allowable Fee as the primary procedures.

- 13. PROCEDURES LISTED WITHOUT SPECIFIED MAXIMUM ALLOWANCE:** "BR" in the Unit Value column indicates that the amount charged for this service is to be determined "by report" because the service is too unusual or variable to be assigned a Unit Value. Pertinent information should be furnished concerning the nature, extent, and need for the procedure or service, the skill and equipment necessary, etc., using any of the following as indicated:

- Diagnosis (postoperative), pertinent history, and physical findings
- Size, location, and number of lesions or procedures where appropriate
- Major surgical procedure accompanied by an additional procedure
- The closest similar procedure by code number and the associated Unit Value, if possible
- Operative time

- 14. UNLISTED SERVICE OR PROCEDURE:** When an unlisted service or procedure is performed, the procedure should be identified and the amount charged substantiated "by report" (BR). Unlisted service or procedure codes usually end in "99."

- 15. CONCURRENT SERVICES BY MORE THAN ONE HEALTH CARE PROVIDER:** Charges for concurrent services of two or more health care providers may be warranted under the following circumstances:

- a) Identifiable medical services: Services provided prior to or during the surgical procedure or in the postoperative period are to be charged by the health care provider rendering the service, identified by the appropriate code. Payable fees under this category are unrelated to the surgeon's fee.
- b) Assistant surgeon: Identify the surgery performed by using the respective code number along with the appropriate modifier (-80, -81, or -82) and bill at 25% of the code fee. The code number must coincide with that of the primary surgeon. Assistant surgeon fees are not payable when the hospital provides an intern or a resident staff to assist at surgery.
- c) Two surgeons: Under certain circumstances, the skills of two surgeons (usually with different skills) may be required in the management of a specific surgical procedure. Identify the surgery performed by using the respective code number along with modifier -62. **The total allowable fee may be increased by 25% in lieu of an assistant surgeon's fee.** If the physicians have agreed upon a payment distribution and that agreement is documented and explained in conjunction with the bill, payment is to be made in accordance with the percentage agreed upon.

# SURGERY GROUND RULES

In the absence of a prior agreement, the total allowable fee will be divided equally between the two surgeons.

- d) Surgical team: Under some circumstances, highly complex procedures (e.g., open heart or organ transplant surgery) may require the concurrent services of several health care providers, often of different specializations and using various types of complex equipment. These types of services vary widely and a single unit value cannot be assigned. The amount charged should be supported by a narrative report to include itemization of the health care provider, paramedical personnel, and equipment involved. Modifier -66 should be used in this type of situation.
- e) No payment shall be made for more than one assistant surgeon or minimum assistant surgeon without prior authorization unless a trauma team was activated due to the emergency nature of the injury(ies).

**16. SURGERY AND FOLLOW-UP CARE PROVIDED BY DIFFERENT HEALTH CARE PROVIDERS:** When one health care provider performs the surgical procedure and another provides the follow-up care, the value may be apportioned between them by agreement. Whether the amount charged is for the procedure, or the follow-up care should be clearly indicated. The "global fee" is not to be increased, but prorated between the health care providers.

**17. REPEAT PROCEDURE BY ANOTHER HEALTH CARE PROVIDER:** A basic procedure performed by one health care provider may have to be repeated by another. Identify and submit an explanatory note. (See modifier -77.)

**18. PRORATION OF SCHEDULED FEE:** When the schedule specifies a unit value for a definite treatment and the patient is transferred from one health care provider to another, the applicable Unit Value is to be apportioned between the health care providers. The providers involved shall agree upon the amount of the proration, and shall render separate bills accordingly with an explanatory note.

**19. MATERIALS SUPPLIED BY HEALTH CARE PROVIDER:** Supplies and materials provided by the health care provider (e.g., sterile trays, drugs) over and above those included with the office visit or other services rendered may be listed separately. The statement of charges will need to reflect any drugs, trays, supplies, and materials provided. Payment shall not exceed the cost of the item(s) to the health care provider plus 25%, or the cost of the item(s) plus \$15.00 per item, **whichever is less**. Use procedure code 99070.

**20. SURGICAL IMPLANTABLES:** Reimbursement for any single surgical implantable item (e.g. rods, pins, screws, plates, prosthetic joint replacements) and which is made of plastic, metallic, or of autogenous/non-autogenous graft material that reflects a charge of \$250.00 or more, is to be determined by cost to the provider plus a 20% markup above the invoice cost. A copy of the invoice (date of purchase within twelve months of implantation) must be submitted with the bill.

**21. SURGICAL ASSISTANT:** Non-physician surgical assistants such as physician assistants or registered nurses, who are either certified or licensed by the Kansas State Board of Healing Arts, the Kansas State Board of Nursing, or some other comparable State licensing agency, may bill at 10% of the code fee. The code(s) must coincide with those of the primary surgeon who must be identified as the responsible physician. Such services are to be identified by adding modifier -NP to the procedure code. (See modifier -NP).

Additionally, bills for any surgical services provided by non-physicians such as physician assistants or registered nurses must be submitted on the CMS 1500 or an equivalent form containing the same information. The form must also clearly identify the responsible physician.

**22. OTHER FEES:** The Unit Values for anesthesia, x-rays, laboratory procedures, consultation and other medical services, and office and hospital visits are listed in the following sections: Anesthesia, Radiology, Pathology and Laboratory, Medicine, Physical Medicine and Rehabilitation, and Evaluation and Management.

# SURGERY GROUND RULES

23. **MEASUREMENTS:** When listed with a described procedure, measurements pertain to the **original wounds or defects** before any treatment is effected. The allowable charge includes creation of any additional defect. The necessary preparations for repair do **not** merit an additional charge. The depth of a wound is not a factor in the measurements when the described procedure is stated in terms of length or area.
24. **PROFESSIONAL/TECHNICAL COMPONENTS:** When the professional and technical components are furnished by different providers (**inclusive of hospitals and ambulatory surgical centers**), the professional component and the technical component shall be identified by adding either modifier -26 or modifier -TC to the usual procedure number. For surgical procedures, the unit value for the professional component is 60% of the total unit value, and the unit value for the technical component is 40% of the total unit value for the procedure code submitted. See Appendix A - Modifiers for the listing of the modifiers.

Additionally, and except for outpatient services, hospitals and ambulatory surgical centers will continue to be reimbursed at their usual and customary charge less the specified discount as contained within the Hospital/Ambulatory Surgical Center Section of the fee schedule. However, hospitals and ambulatory surgical centers need to amend their billing process to specify, by use of modifiers, when only the technical component or the professional component was provided.
25. **MODIFIERS:** Procedure codes for surgery may be modified under certain circumstances. The circumstances are to be identified by the addition of a hyphen and the appropriate two-digit modifier code. Refer to Appendix A - Modifiers for a list of modifiers that may be used.
26. **COST CONTAINMENT:** Nothing in this section shall preclude an employer (or insurance carrier) from entering into payment agreements to promote the continuity of care and the reduction of health care costs. Such payment agreements, if less, will supersede the limitation amounts specified herein. Please refer to K.S.A. 44-510i(e) for further clarification, if necessary.

# RADIOLOGY GROUND RULES

(Including Nuclear Medicine and Diagnostic Ultrasound)

1. **DUPLICATION OF X-RAYS:** Every attempt should be made to minimize the number of x-rays taken. The attending health care provider or any other person or institution having possession of x-rays, which pertain to the patient and are deemed to be needed for diagnostic or treatment purposes, should make those x-rays available upon request. No payments shall be made for additional x-rays when recent x-rays are available, except when the charge is supported by adequate information regarding the need to perform another x-ray.
2. **PHOTOGRAPHIC MEDIA:** The use of photographic media or imaging is not reported separately but is considered to be a component of the basic procedure and shall not merit any additional payment.
3. **XERORADIOGRAPHY:** Imaging performed by this process shall have the same Maximum Allowable Fees as those listed for conventional x-ray procedures of the same anatomical area and views.
4. **UNIT VALUES:** The Unit Values contained within this fee schedule include both the "professional component" and the "technical component". Identification of a service or procedure by its five digit code, without pertinent modifiers, indicates that the services provided includes both the professional and technical components.

The **professional component** includes the examination of the patient when indicated, performance or supervision of the procedure, interpretation and written report of the examination including procedure results (e.g., x-ray images), and consultation with the referring health care provider. To identify a charge for the professional component only, see Appendix A - Modifiers for modifier -26. **The percentage is shown in the "PC/TC" column of this fee schedule.**

The **technical component** includes the charges for personnel, materials and other supplies, and space, equipment, and other facilities, but excludes the cost of radioisotopes. To identify a charge for the technical component only, see Appendix A - Modifiers for modifier -TC. **The percentage is shown in the "PC/TC" column of this fee schedule.**

Hospital outpatient facilities and ambulatory surgical centers must specify, by use of modifiers, when only the technical component or the professional component is provided.

5. **SERVICES PROVIDED BY A HOSPITAL OUTPATIENT FACILITY AND/OR AMBULATORY SURGICAL CENTER:** For any radiology service(s) provided by a hospital outpatient facility and/or ambulatory surgical center, reimbursement for said service is to be limited to the maximum allowable payment contained within this section of the Fee Schedule.
6. **NECESSITY OF SERVICES OR PROCEDURES:** When a patient is referred to radiologists or other health care providers for services covered in the Radiology Section, the provider(s) shall evaluate the patient's problem and determine the services or procedures medically necessary. Such evaluations or necessary consultations with the referring health care providers are an integral part of the professional component and do not merit any additional charges. **No payment shall be made for excessive or inappropriate x-rays taken on initial or subsequent visits.**
7. **MULTIPLE PROCEDURES:** It is appropriate to designate multiple procedures that are rendered on the same day by separate entries. Use modifier -51 to reflect multiple procedures except for the Add-On Codes.
8. **SEPARATE PROCEDURE:** Some of the procedures or services listed are commonly carried out as an integral component of a total service or procedure and are identified by the inclusion of the term "separate procedure." The codes designated as "separate procedure" should not be reported in addition to the code for the total procedure or service of which it is considered an integral component.

# RADIOLOGY GROUND RULES

(Including Nuclear Medicine and Diagnostic Ultrasound)

However, when a procedure or service that is designated as a "separate procedure" is carried out independently or considered to be unrelated or distinct from other procedures/services provided at that time, it may be reported by itself, or in addition to other procedures/services by appending modifier -59 to the specific "separate procedure" code to indicate that the procedure is not considered to be a component of another procedure, but is a distinct, independent procedure. This may represent a different session or patient encounter, different procedure or surgery, different site or organ system, separate incision/excision, separate lesion, or separate injury (or area of injury in extensive injuries).

- 9. ADD-ON CODES:** Certain codes, by the nature of their description and the unit values assigned, have already been reduced, as they are not to be billed as primary procedures. For a complete list of the codes which are considered to be add-on codes, refer to the appropriate appendix found within the most recent publication of the **AMA Current Procedural Terminology (CPT)**.

- 10. MATERIALS SUPPLIED BY HEALTH CARE PROVIDER:** Supplies and materials provided by the health care provider (e.g., sterile trays, drugs) over and above those usually included with the office visit or other services rendered may be listed separately. The statement of charges will need to reflect any drugs, trays, supplies, and materials that were provided. Payment shall not exceed the cost of the item(s) to the health care provider plus 25% of the cost or the cost of the item(s) plus \$15.00 per item, **whichever is less**. Use procedure code 99070.

The Unit Values in this section do not include radiopharmaceutical or other radionuclide material costs. List the name and dosage of radiopharmaceutical material and cost.

- 11. INJECTION PROCEDURES:** Charges for injection procedures are to include all usual pre- and post-injection care specifically related to the injection procedure, necessary local anesthesia, placement of needle or catheter, and injection of contrast media. Vascular injection procedures are listed under the Cardiovascular Subsection of the Surgery Section, procedure codes 36000-36299. Other injection procedures are listed in pertinent sections.

- 12. PROCEDURES LISTED WITHOUT SPECIFIED MAXIMUM ALLOWANCE:** "BR" in the unit value column indicates that the amount charged for this service is to be determined "by report" because the service is too unusual, or variable to be assigned a Unit Value. Pertinent information should be furnished concerning the nature, extent, and need for the procedure or service, the time, skill, and equipment necessary, etc. Additional items which may be helpful might include: complexity of symptoms, final diagnosis, pertinent physical findings, diagnostic and therapeutic procedures, concurrent problems, and follow-up care.

- 13. UNLISTED SERVICE OR PROCEDURE:** When an unlisted service or procedure is performed, the procedure should be identified and the amount charged substantiated "by report" (BR). Unlisted service or procedure codes usually end in "99."

- 14. MODIFIERS:** Procedure codes for radiology services may be modified under certain circumstances. The circumstances are to be identified by the addition of a hyphen and the appropriate two digit modifier code. Refer to Appendix A - Modifiers for a list of modifiers that may be used.

- 15. COST CONTAINMENT:** Nothing in this section shall preclude an employer (or insurance carrier) from entering into payment agreements to promote the continuity of care and the reduction of health care costs. Such payment agreements, if less, will supersede the limitation amounts specified herein. Please refer to K.S.A. 44-510i(e) for further clarification, if necessary.

# **PATHOLOGY AND LABORATORY GROUND RULES**

1. **SEROLOGY:** All serological procedures must be performed by registered pathologists or laboratories.
2. **MATERIALS SUPPLIED BY HEALTH CARE PROVIDER:** Supplies and material provided by the health care provider (e.g., sterile trays, drugs) over and above those usually included with the office visit or other services rendered may be listed separately. The statement of charges will need to list individually any drugs, trays, supplies, and materials that were provided. Payment shall not exceed the cost of the item(s) to the health care provider plus 25%, or the cost of the item(s) plus \$15.00 per item, **whichever is less**. Use procedure code 99070.
3. **UNIT VALUES:** The Unit Values specified herein apply to laboratories owned or operated by a health care provider, hospital laboratories, and commercial laboratories, but only when the services or procedures are performed by or under the responsible supervision of a health care provider. When a health care provider is hospital based and is not salaried or otherwise compensated for the services listed in this section, a separate bill can be rendered for the particular service. The charge is to be 60% of the Unit Value.

The Unit Values specified herein include both the "professional" component and the "technical" component. Identification of a service or procedure by its five-digit code, without pertinent modifiers, indicates that the charge includes both the professional and technical components.

The **professional component** includes the examination of the patient when indicated, performance or supervision of the procedure, interpretation and written report of the examination including procedure results (e.g., x-ray images), and consultation with the referring health care provider. To identify a charge for the professional component only, see Appendix A - Modifiers for modifier -26. **Unless otherwise specified in the Schedule, the maximum allowable charge for the professional component is 60% of the listed Unit Value.**

The **technical component** includes the charges for personnel, materials and other supplies, and space, equipment, and other facilities, but excludes the cost of radioisotopes. To identify a charge for the technical component only, see Appendix A - Modifiers for modifier -TC. **Unless otherwise specified in the Schedule, the maximum allowable charge for the technical component is 40% of the listed Unit Value.**

Hospital outpatient facilities and ambulatory surgical centers must specify, by use of modifiers, when only the technical component or the professional component is provided.

4. **SERVICES PROVIDED BY HOSPITAL OUTPATIENT FACILITIES AND/OR AMBULATORY SURGICAL CENTERS:** For any pathology and laboratory service(s) provided by a hospital outpatient facility and/or ambulatory surgical center, reimbursement for said service is to be limited to the maximum allowable payment contained within this section of the Fee Schedule.
5. **ANATOMIC AND SURGICAL PATHOLOGY:** The sections of Anatomic Pathology and Surgical Pathology are exempt from the 60/40 split. Instead, the professional component of the procedures listed in those sections will be reimbursed at 80% of the listed unit value, and the technical component will be reimbursed at 20% of the listed unit value.
6. **MULTIPLE PROCEDURES:** It is appropriate to designate multiple procedures that are rendered on the same day by separate entries. Use modifier -51 to reflect multiple procedures except for the Add-On Codes.

# **PATHOLOGY AND LABORATORY GROUND RULES**

7. **ADD-ON CODES:** Certain codes, by the nature of their description and the unit value assigned, have already been reduced, as they are not to be billed as primary procedures. For a complete list of the codes which are considered to be add-on codes, refer to the appropriate appendix found within the most recent publication of the **AMA Current Procedural Terminology (CPT)**.
8. **REPORTS:** No statement of charges for services or procedures included in this section shall be considered properly rendered unless it is accompanied by a report that includes both the findings and an interpretation of such findings.
9. **PROCEDURES LISTED WITHOUT SPECIFIED MAXIMUM ALLOWANCE:** "BR" in the Unit Value column indicates that the charge for this service is to be determined "by report" because the service is too unusual or variable to be assigned a Unit Value. Pertinent information should be furnished concerning the nature, extent, and need for the procedure or service, the time, skill, and equipment necessary, etc.
10. **INDICES OR RATIOS:** Tests which produce an index or ratio based on mathematical calculations from two or more other results may not be billed as separate independent tests (e.g., A/G ratio, free thyroxin index).
11. **UNLISTED SERVICE OR PROCEDURE:** When an unlisted service or procedure is performed, the procedure should be identified and the amount charged substantiated "by report" (BR). Unlisted service or procedure codes usually end in "99."
12. **DENIAL OF PAYMENT:** Payment may be denied for procedures or services determined to be excessive or unnecessary for the management of the work-related injury or disease.
13. **MODIFIERS:** Procedure codes for pathology and laboratory services may be modified under certain circumstances. The circumstances are to be identified by the addition of a hyphen and the appropriate two-digit modifier code. Refer to Appendix A - Modifiers for a list of modifiers that may be used.
14. **COST CONTAINMENT:** Nothing in this section shall preclude an employer (or insurance carrier) from entering into payment agreements to promote the continuity of care and the reduction of health care costs. Such payment agreements, if less, will supersede the limitation amounts specified herein. Please refer to K.S.A. 44-510i(e) for further clarification, if necessary.

# MEDICINE GROUND RULES

1. **GENERAL:** Visits, examinations, consultations and similar services listed in this section reflect the variation in time and skills required in the diagnosis and treatment of illness or injury. The stipulated Unit Value applies only when the services are performed by or under the responsibility and direct supervision of a health care provider, unless otherwise stated.
2. **UNLISTED SERVICE OR PROCEDURE:** When an unlisted service or procedure is performed, the procedure should be identified and the amount charged substantiated "by report" (BR). Unlisted service or procedure codes usually end in "99."
3. **PROCEDURES LISTED WITHOUT SPECIFIED MAXIMUM ALLOWANCE:** "BR" in the Unit Value column indicates that the amount charged for this service is to be determined "by report" because the service is too unusual or variable to be assigned a Unit Value. Pertinent information should be furnished concerning the nature, extent, and need for the procedure or service, the time, skill, and equipment necessary, etc.
4. **MATERIALS SUPPLIED BY HEALTH CARE PROVIDER:** Supplies and materials provided by the health care provider (e.g., sterile trays, drugs) over and above those usually included with the office visit or other services rendered may be listed separately. The statement of charges will need to reflect any drugs, trays, supplies, and materials that were provided. Payment shall not exceed the cost of the item(s) to the health care provider plus 25%, or the cost of the item(s) plus \$15.00 per item, **whichever is less**. Use procedure code 99070.
5. **SEPARATE PROCEDURES:** Some of the procedures or services listed are commonly carried out as an integral part of a total service and identified by the inclusion of the term "separate procedure." The codes designated as "separate procedure" should not be reported in addition to the code for the total procedure or service of which it is considered an integral component.

However, when a procedure or service that is designated as a "separate procedure" is carried out independently or considered to be unrelated or distinct from other procedures/services at that time, it may be reported by itself, or in addition to other procedures/services by appending modifier -59 to the specific "separate procedure" code to indicate that the procedure is not considered to be a component of another procedure, but is a distinct, independent procedure. This may represent a different session or patient encounter, different procedure or surgery, different site or organ system, separate incision/excision, separate lesion, or separate injury (or area of injury in extensive injuries).

6. **MULTIPLE PROCEDURES:** It is appropriate to designate multiple procedures that are rendered on the same day by separate entries. Use modifier -51 to reflect multiple procedures except for the Add-On Codes.
7. **ADD-ON CODES:** Certain codes, by the nature of their description and the unit values assigned, have already been reduced, as they are not to be billed as primary procedures. For a complete list of the codes which are considered to be add-on codes, refer to the appropriate appendix found within the most recent publication of the **AMA Current Procedural Terminology (CPT)**.
8. **CODES THAT ARE NOT CLASSIFIED AS ADD-ON CODES BUT ARE EXEMPT FROM THE MULTIPLE PROCEDURE RULE / MODIFIER -51:** For a complete list of the codes which fall within this category, refer to the appropriate appendix found within the most recent publication of the **AMA Current Procedural Terminology (CPT)**.
9. **CONCURRENT CARE:** When the condition of the patient requires the skills of two or more health care providers to treat different conditions, payment is due each health care provider who plays an active role in the treatment program. The services rendered by each health care provider shall be distinct, identifiable, and adequately documented in the records and reports.

# MEDICINE GROUND RULES

10. **ALTERNATING HEALTH CARE PROVIDERS:** When health care providers of similar skills alternate in the care of a patient (e.g., partners, groups of same facility, covering providers on weekends or vacation periods), each health care provider shall charge individually for the services personally rendered and such charges shall be in accordance with this Fee Schedule.
11. **PRORATION OF SCHEDULED FEE:** Where the schedule specifies a unit value for a definite treatment, and the patient is transferred from one health care provider to another, the unit value multiplied by the conversion factor or the usual and customary charge, whichever is less, should be apportioned between or among the providers. The providers involved shall agree upon the amount of proration, and shall render separate bills accordingly, with an explanatory note.
12. **MISCELLANEOUS:** The Unit Values for other diagnostic therapeutics, anesthesia, surgery, x-rays, and laboratory procedures are listed in the following sections: Anesthesia, Surgery, Radiology, Pathology and Laboratory, Medicine, and Evaluation and Management.
13. **CONSULTATIONS AND REFERRALS:** A **consultation** is a service rendered by a specialist at the request of the attending health care provider or other appropriate source seeking further evaluation or an opinion on how to proceed in the management of a patient's illness. Consultations always require a narrative report from the consultant to the attending health care provider requesting the opinion. The fee payable should correspond appropriately to the level of service. When the consulting specialist assumes responsibility for the continuing care of the patient, any service rendered subsequent to the consultation will be reimbursed according to the actual level of service rendered, as listed under the appropriate subsection headings (e.g., office or hospital visits).  
  
A **referral** is the transfer of a patient to a specialist for diagnosis, and where necessary, treatment of a specific illness or injury, rather than for advice. A referral will be reimbursed according to the actual level of services rendered, as listed under the appropriate subsection headings (e.g., office or hospital visits).
14. **LIMITATIONS ON PATIENT VISITS FOR PSYCHOTHERAPY OR PSYCHOLOGICAL COUNSELING:** Psychotherapy or Psychological counseling, for work-related conditions requiring either more than 21 visits or continuing for more than 3 months after initiation of therapy, whichever comes first, requires prior authorization from the employer, insurance carrier, the Workers Compensation Fund, or the Kansas Division of Workers Compensation, unless such authorization was previously received for a greater number of visits.
15. **PROFESSIONAL/TECHNICAL COMPONENTS:** When the professional and technical components are furnished by different providers (**inclusive of hospitals and ambulatory surgical centers**), the professional component and the technical component shall be identified by adding either modifier -26 or modifier -TC to the usual procedure number. If any of the medical procedures in this section become subject to either the professional or technical component, the unit value for the professional component is 60% of the total unit value, and the unit value for the technical component is 40% of the total unit value for the procedure code submitted. See Appendix A- Modifiers for a listing of the modifiers.  
  
Additionally, and with the exception of Pathology and Laboratory, hospitals and ambulatory surgical centers will continue to be reimbursed at their usual and customary charge less the specified discount as contained within the Hospital/Ambulatory Surgical Center Section of the fee schedule. However, hospitals and ambulatory surgical centers need to amend their billing process to specify, by use of modifiers, when only the technical component or the professional component was provided.
16. **FAILURE OF PATIENT TO KEEP A SCHEDULED APPOINTMENT:** In the event a patient fails to keep a scheduled appointment, the health care provider is not to bill for any services that would have been provided by said appointment nor shall there be any reimbursement for such scheduled services (i.e., reimbursement for a "no show" appointment is not allowed). This rule does not apply with regard to a deposition, testimony, or IME.

# MEDICINE GROUND RULES

17. **MODIFIERS:** Procedure codes for medicine services may be modified under certain circumstances. The circumstances are to be identified by the addition of a hyphen and the appropriate two-digit modifier code. Refer to Appendix A - Modifiers for a list of modifiers that may be used.
18. **COST CONTAINMENT:** Nothing in this section shall preclude an employer (or insurance carrier) from entering into payment agreements to promote the continuity of care and the reduction of health care costs. Such payment agreements, if less, will supersede the limitation amounts specified herein. Please refer to K.S.A. 44-510i(e) for further clarification, if necessary.

# **PHYSICAL MEDICINE AND REHABILITATION GROUND RULES**

- 1. AUTHORIZED PROVIDERS:** Services applicable to this section are payable at the level of the Unit Value (or the usual and customary charge, whichever is less) when provided by: a health care provider as defined by K.S.A. 44-508; a Registered Physical Therapist; a Registered Occupational Therapist; a Certified Physical Therapist Assistant or a Certified Occupational Therapist Assistant when the service is performed under the direct supervision of a Registered Physical Therapist or Registered Occupational Therapist; an Exercise Physiologist; and any type of an Assistant when the service is performed under the direct supervision of a health care provider, Registered Physical Therapist, or a Registered Occupational Therapist.
- 2. CONCURRENT EVALUATION AND MANAGEMENT SERVICES:** When evaluation and management services have also been provided, it is acceptable to charge separately for these services only if the patient's condition required an evaluation or examination that is beyond the usual preservice and postservice work associated with physical medicine and rehabilitation services. **Such additional services, however, shall be reported separately using modifier -25.** These services must also be performed or supervised by a health care provider as defined by K.S.A. 44-508, a Registered Physical Therapist, or a Registered Occupational Therapist. Charges for any evaluations or examinations after the initial visit must be documented and included with the bill.
- 3. DOCUMENTATION OF TREATMENT REQUIRED:** Documentation of treatment shall include evaluation, diagnosis, progress notes, prognosis, treatment plan, and need for further therapy. This documentation will be made part of the patient's record and be made available upon request. This documentation does **not** warrant a separate fee.
- 4. WRITTEN REFERRAL:** A written referral by a health care provider, as defined by K.S.A. 44-508, is required for services to be provided by a physical or occupational therapist, exercise physiologist, or their assistants.
- 5. SEPARATE BILLING:** Employed physical or occupational therapists may not bill separately for services provided. This does not apply to physical or occupational therapists who are self-employed.
- 6. DISPUTE RESOLUTION:** In the event a controversy arises between the provider and the payer about the number of modalities or therapeutic procedures that were provided at each visit, an attempt should be made by the involved parties to resolve said issue(s). Issues which cannot satisfactorily be resolved should then be referred to the Kansas Division of Workers Compensation for review.
- 7. MAXIMUM NUMBER OF VISITS:** Treatment beyond 21 visits must be authorized by the employer, the insurance carrier, the Workers Compensation Fund, or the Kansas Division of Workers Compensation, unless prior authorization was received for a greater number of visits.
- 8. FOLLOW-UP OR AFTERCARE:** Fees for any follow-up or aftercare for fractures, dislocations, or postoperative procedures provided by physical or occupational therapists shall be in addition to those payable to the referring health care provider.
- 9. HOME SERVICES:** When an authorized provider renders treatment in a patient's home, the Unit Value may be increased by 50%. An explanation substantiating the need for home therapy shall be submitted along with the bill.
- 10. UNLISTED SERVICE OR PROCEDURE:** When an unlisted service or procedure is performed, the procedure should be identified and the amount charged substantiated "by report" (BR). Unlisted service or procedure codes usually end in "99."
- 11. PROCEDURES LISTED WITHOUT A SPECIFIED UNIT VALUE:** "BR" in the Unit Value column indicates that the amount charged for this service is to be determined "by report" because the service is too unusual or

# **PHYSICAL MEDICINE AND REHABILITATION GROUND RULES**

variable to be assigned a Unit Value. Pertinent information should be furnished concerning the nature, extent, and need for the procedure or service, the time, skill, and equipment necessary, etc.

- 12. SEPARATE PROCEDURES:** Some procedures are commonly carried out as an integral part of a total service, and do not warrant a separate identification. When such a procedure is performed independently of other services to which the procedure is not immediately related, the Unit Value for the "separate procedure" listing, where identified as such in the Schedule, is applicable (i.e., when a procedure which is ordinarily a component of a larger procedure is performed alone for a specific purpose, the component procedure may be considered to be a separate procedure).
- 13. CONCURRENT CARE:** When the condition of the patient requires the skills of two or more health care providers to treat different conditions, payment is due each health care provider who plays an active role in the treatment program. The services rendered by each health care provider shall be distinct, identifiable, and adequately documented in the records and reports.
- 14. ALTERNATING HEALTH CARE PROVIDERS:** When health care providers of similar skills alternate in the care of a patient (e.g., partners, groups of same facility, covering providers on weekends or vacation periods), each health care provider shall charge individually for the services personally rendered and such charges shall be in accordance with this Fee Schedule.
- 15. PRORATION OF UNIT VALUE:** Where the schedule specifies a unit value for a definite treatment, and the patient is transferred from one health care provider to another, the Unit Value stated in the Schedule or the usual and customary charge, whichever is less, should be apportioned between or among the providers. The providers involved shall agree upon the amount of proration, and shall render separate bills accordingly, with an explanatory note.
- 16. ADD-ON CODES:** Certain codes, by the nature of their description and the unit values assigned, have already been reduced, as they are not to be billed as primary procedures. For a complete list of the codes which are considered to be add-on codes, refer to the appropriate appendix found within the most recent publication of the **AMA Current Procedural Terminology (CPT)**.
- 17. MISCELLANEOUS:** The Unit Values for other diagnostic therapeutics, anesthesia, surgery, x-rays, and laboratory procedures are listed in the following sections: Anesthesia, Surgery, Radiology, Pathology and Laboratory, Medicine, and Evaluation and Management. Physical or occupational therapists may utilize these other sections for billing if the coding is more appropriate, and the service provided was medically necessary and prescribed by a physician.
- 18. CONSULTATIONS AND REFERRALS:** A **consultation** is a service rendered by a specialist at the request of the attending health care provider or other appropriate source seeking further evaluation or an opinion on how to proceed in the management of a patient's illness. Consultations always require a narrative report from the consultant to the attending health care provider requesting the opinion. The fee payable should correspond appropriately to the level of service. When the consulting specialist assumes responsibility for the continuing care of the patient, any service rendered subsequent to the consultation will be reimbursed according to the actual level of service rendered, as listed under the appropriate subsection headings (e.g., office or hospital visits).
- A **referral** is the transfer of a patient to a specialist for diagnosis, and where necessary, treatment of a specific illness or injury, rather than for advice. A referral will be reimbursed according to the actual level of services rendered, as listed under the appropriate subsection headings (e.g., office or hospital visits).
- 19. FAILURE OF PATIENT TO KEEP A SCHEDULED APPOINTMENT:** In the event a patient fails to keep a scheduled appointment, the health care provider is not to bill for any services that would have been provided

# **PHYSICAL MEDICINE AND REHABILITATION GROUND RULES**

by said appointment nor shall there be any reimbursement for such scheduled services (i.e., reimbursement for a "no show" appointment is not allowed). This rule does not apply with regard to a deposition, testimony, or IME.

**20. MODIFIERS:** Appendix A - Modifiers of this Schedule includes all of the modifiers applicable to the current *CPT* codes.

**21. COST CONTAINMENT:** Nothing in this section shall preclude an employer (or insurance carrier) from entering into payment agreements to promote the continuity of care and the reduction of health care costs. Such payment agreements, if less, will supersede the limitation amounts specified herein. Please refer to K.S.A 44-510i(e) for further clarification, if necessary.

# **ACUPUNCTURE GROUND RULES**

1. **GENERAL:** Acupuncture includes services ordered by, or under the direct supervision of a designated health care provider.
2. **CONCURRENT EVALUATION AND MANAGEMENT SERVICES:** When evaluation and management services have concurrently been provided in association with acupuncture services, it is acceptable to charge separately for these services only if the patient's condition required an evaluation or examination that is beyond the usual preservice and postservice work associated with any acupuncture services. **Such additional services, however, shall be reported separately using modifier -25.** Charges for any evaluations and examinations after the initial visit must be documented and included with the bill.
3. **EXTENSION OF OTHER SECTIONS OF THE FEE SCHEDULE:** Since acupuncture services are incorporated within the broad category of the Medicine and Physical Medicine Guidelines, the Ground Rules found within the Medicine and the Physical Medicine and Rehabilitation Section of the fee schedule shall be similarly applied.
4. **FAILURE OF PATIENT TO KEEP A SCHEDULED APPOINTMENT:** In the event a patient fails to keep a scheduled appointment, the health care provider is not to bill for any services that would have been provided by said appointment nor shall there be any reimbursement for such scheduled services (i.e., reimbursement for a "no show" appointment is not allowed). This rule does not apply with regard to a deposition, testimony, or IME.
5. **COST CONTAINMENT:** Nothing in this section shall preclude an employer (or insurance carrier) from entering into payment agreements to promote the continuity of care and the reduction of health care costs. Such payment agreements, if less, will supersede the limitation amounts specified herein. Please refer to K.S.A. 44- 510i(e) for further clarification, if necessary.

# **SPECIAL SERVICES, PROCEDURES AND REPORTS GROUND RULES**

1. **GENERAL:** Procedures with code numbers 99000 through 99091 provide the reporting physician or other qualified healthcare professional with the means of identifying the completion of special reports and services that are in adjunct to the basic services rendered. The specific number assigned indicates the special circumstances under which a basic procedure is performed.
2. **CONCURRENT EVALUATION AND MANAGEMENT SERVICES:** When evaluation and management services have concurrently been provided in association with the completion of special reports and services (except for those services contemplated by code 99091), it is acceptable to charge separately for those services only if the patient's condition required an evaluation or examination that is beyond the usual preservice and postservice work associated with any special report or service.. **Such additional services, however, shall be reported using modifier -25.** Charges for any evaluations and examinations after the initial visit must be documented and included with the bill.

# **QUALIFYING CIRCUMSTANCES FOR ANESTHESIA GROUND RULES**

# EVALUATION AND MANAGEMENT (E/M) SERVICES GROUND RULES

- CLASSIFICATION OF EVALUATION AND MANAGEMENT (E/M) SERVICES:** This section is divided into broad categories such as office visits, hospital visits, and consultations. Most of the categories are further divided into two or more subcategories of E/M services. For example, there are two subcategories of office visits (new patient and established patient), and there are two subcategories of hospital visits (initial and subsequent). The subcategories of E/M services are further classified into levels of E/M services that are identified by specific codes. This classification is important because the nature of physician work varies by type of service, place of service, and the patient's status.

The basic format of the levels of E/M services is the same for most categories. **First**, a unique code number is listed. **Second**, the place and/or type of service is specified (e.g., office consultation). **Third**, the content of the service is defined (e.g., comprehensive history and comprehensive examination). **Fourth**, the nature of the presenting problem(s) usually associated with a given level of service is described. **Fifth**, the time typically required to provide the service is specified.

- UNLISTED SERVICE:** An E/M service may be provided that is not listed in this section. When reporting such a service, the appropriate "Unlisted" code may be used to indicate the service, identifying it by "Special Report" as discussed in item 3. The "Unlisted Services" and accompanying codes for the E/M section are as follows:

99429 Unlisted preventive medicine service  
99499 Unlisted evaluation and management service

- SPECIAL REPORT:** An unlisted service or one that is unusual, variable, or new may require a special report demonstrating the medical appropriateness of the service. Pertinent information should include an adequate definition or description of the nature, extent, and need for the procedure; and the time, effort and equipment necessary to provide the service. Additional items which may be included are complexity of symptoms, final diagnosis, pertinent physical findings, diagnostic and therapeutic procedures, concurrent problems, and follow-up care.
- MULTIPLE PROCEDURES:** It is appropriate to designate multiple procedures that are rendered on the same day by separate entries. Use modifier -51 to reflect multiple procedures except for the Add-On Codes.
- ADD-ON CODES:** Certain codes, by the nature of their description and the Unit Values assigned, have already been reduced, as they are not to be billed as primary procedures. For a complete list of the codes which are considered to be add-on codes, refer to the appropriate appendix found within the most recent publication of the **AMA Current Procedural Terminology (CPT)**.
- MODIFIERS:** Listed services may be modified under certain circumstances. When applicable, the modifying circumstance against general guidelines should be identified by the addition of the appropriate modifier code by a two digit number placed after the usual procedure number from which it is separated by a hyphen. Refer to Appendix A- Modifiers for the modifiers that are available for E/M:
- INSTRUCTIONS FOR SELECTING A LEVEL OF E/M SERVICE:** Refer specifically to the Evaluation and Management (E/M) Services Guidelines of the most recent publication of the **AMA Current Procedural Terminology (CPT)**.
- BILLS SUBMITTED BY NON-PHYSICIAN PROVIDERS:** Bills for E/M services provided by non-physicians such as physician assistants or advanced practice nurses must be submitted on the CMS 1500 form or an equivalent form containing the same information. Payment for these services will be limited to 85% of the maximum allowable fee associated with the **CPT** code submitted. This form must also clearly identify the responsible physician.
- FAILURE OF PATIENT TO KEEP A SCHEDULED APPOINTMENT:** In the event a patient fails to keep a scheduled appointment, the health care provider is not to bill for any services that would have been provided by said appointment nor shall there be any reimbursement for such scheduled services (i.e., reimbursement

# **HOME HEALTH PROCEDURES / SERVICES GROUND RULES**

The codes contained within this section were introduced by the American Medical Association in conjunction with CPT 2002. Said codes are to be used by non-physician health care professionals for services provided in a patient's residence (including assisted living apartments, group homes, non-traditional private homes, custodial care facilities, or schools) and can be submitted as part of the normal procedure when applicable.

No Unit Values have been established at the state, regional, or national level as determined from available data resources. All Unit Values are listed as BR; thus, a report must accompany all bills utilizing these codes.

# DENTISTRY GROUND RULES

1. **GENERAL:** The allowable fee for any dental service or procedure is the provider's usual and customary charge or the maximum fee schedule allowance, whichever is less. The maximum fee schedule allowance for a particular service or procedure is determined by multiplying the listed Unit Value by the current dollar Conversion Factor applicable to dentistry. The Unit Values and Conversion Factor for dentistry are not applicable to any other section of the fee schedule.
2. **UNLISTED SERVICE OR PROCEDURE:** When an unlisted service or procedure is performed, the procedure should be identified and the amount charged substantiated "by report" (BR).
3. **PROCEDURES LISTED WITHOUT A SPECIFIED UNIT VALUE:** "BR" in the Unit Value column indicates that the amount charged for this service shall be determined "by report" because the service is too unusual or variable to be assigned a Unit Value. Pertinent information should be furnished concerning the nature, extent, and need for the procedure or service, the time, skill, and equipment necessary, etc.
4. **MATERIAL SUPPLIED BY A DENTIST:** Supplies and materials provided by a dentist (e.g., sterile trays, supplies, drugs) over and above those usually included with the office visits or other services rendered may be listed separately. Statement of charges will need to reflect any drugs, trays, supplies, and materials that were provided. Payment shall not exceed the cost of the item(s) to the dentist plus 25% of the cost or the cost of the item(s) plus \$15.00 per item, **whichever is less**.
5. **CONCURRENT CARE:** When the condition of the patient requires the skills of two or more dentists or health care providers to treat different conditions, payment is due each dentist or health care provider who plays an active role in the treatment program. The services rendered by each dentist or health care provider shall be distinct, identifiable, and adequately documented in the records and reports.
6. **ALTERNATING DENTISTS AND/OR HEALTH CARE PROVIDERS:** When dentists or health care providers of similar skills alternate in the care of a patient (e.g., partners, groups of same facility, covering providers on weekends or vacation periods), each dentist and health care provider shall charge individually for the services personally rendered; such charges shall be in accordance with this Fee Schedule.
7. **PRORATION OF SCHEDULED FEE:** When the schedule specifies a Unit Value for a definite treatment, and the patient is transferred from one dentist or health care provider to another, the applicable Unit Value is to be apportioned between the health care providers. The providers involved shall agree upon the amount of proration, and shall render separate bills accordingly with an explanatory note.
8. **MODIFIERS:** Procedure codes for dentistry may be modified under the circumstances described below. The circumstances are to be identified by the addition of a hyphen and the appropriate two-digit modifier code. The modifiers that may be used are as follows:
  - 22 Unusual Services: A report is required.
  - 52 Reduced Values: Under certain circumstances, the listed value for a procedure is reduced or eliminated because of common practice, or at the dentist's election.
  - 53 Primary Emergency Services: When a dental procedure is carried out by a dentist who will not be providing the follow-up care, the value shall be 70% of the listed value.
  - 54 Surgical Procedure Only: When one dentist performs the surgical procedure itself and another provides the follow-up care, the fee may be apportioned between them. Identify the dentist performing the surgery with this modifier. The "global fee" is not to be increased, but prorated between the dentists.

# DENTISTRY GROUND RULES

- 55 Follow-Up Care Only: When one dentist performs the main procedure itself and another provides the follow-up care, the value may be apportioned between them. Identify the dentist providing the follow-up care with this modifier. The "global fee" is not to be increased, but prorated between the dentists.
  - 56 Pre-Operative Care Only: When one dentist performs the care up until surgery and another dentist then takes over the care, the value may be apportioned between them. Identify the dentist providing the pre-operative care with this modifier. The "global fee" is not to be increased, but prorated between the dentists.
  - 99 Multiple Modifiers: By Report
9. **FAILURE OF PATIENT TO KEEP A SCHEDULED APPOINTMENT:** In the event a patient fails to keep a scheduled appointment, the health care provider is not to bill for any services that would have been provided by said appointment nor shall there be any reimbursement for such scheduled services (i.e., reimbursement for a "no show" appointment is not allowed). This rule does not apply with regard to a deposition, testimony, or IME.
10. **COST CONTAINMENT:** Nothing in this section shall preclude an employer (or insurance carrier) from entering into payment agreements to promote the continuity of care and the reduction of health care costs. Such payment agreements, if less, will supersede the limitation amounts specified herein. Please refer to K.S.A. 44-510i(e) for further clarification, if necessary.

All other hospitals are to be reimbursed at their usual and customary charge, less 15.0%. This is to include the following state institutions:

Rainbow Mental Health Facility at Kansas City, Kansas
Larned State Hospital at Larned, Kansas
Osawatomie State Hospital at Osawatomie, Kansas
Parsons State Hospital & Training Center at Parsons, Kansas
Kansas Neurological Institute at Topeka, Kansas

**Out-of-state hospitals are subject to a 30.0% discount.** Additionally, when the total charges for an inpatient hospitalization exceed \$40,000, an additional 5.0% discount is to be applied to all the charges in excess of \$40,000.

- 2. TRANSFER OF PATIENT TO ANOTHER HOSPITAL:** When a hospital is unable to provide the level of care and service necessary for the management of a complex medical or surgical problem, transfer of the patient to another hospital facility may become necessary. In that event, charges incurred by the transferring hospital are to be paid in accordance with that hospital's peer group assignment and the associated variable discount rate. The receiving hospital is to be paid the respective discount rate based upon its peer group assignment.

# HOSPITAL/AMBULATORY SURGICAL CENTER GROUND RULES AND FEES

3. **TRAUMA ALERTS AND ACTIVATION FEES:** Trauma Revenue Codes can only be used by trauma centers/hospitals as licensed or designated by state or local government authority authorized to do so, or as verified by the American College of Surgeons. Only patients for whom there has been pre-hospital notification based on triage information by pre-hospital care givers who meet either state, local, or American College of Surgeons field triage criteria, or are delivered by interhospital transfers, and are given the appropriate team response can be billed a trauma activation charge. Trauma Center fees are not paid for "Alerts". "Activation Fees" mean that a Trauma Team has to be activated, not just alerted. These fees are in addition to ER and inpatient fees.
4. **PHYSICAL MEDICINE AND REHABILITATION:** Reimbursement for any services provided by physical/occupational therapists is to be in accordance with the variable discount rate. However, for any hospitals having one or more affiliate clinics providing services on an outpatient basis, only one such clinic is allowed to submit billings using the hospital's Federal Tax ID number. The services for all other clinics affiliated with the same hospital are limited to the Maximum Allowable Fee for the respective *CPT* code that is contained within the Physical Medicine and Rehabilitation Section of this Fee Schedule.
5. **RADIOLOGY CHARGES:** Reimbursement for all inpatient hospital radiology services are to be in accordance with the variable discount rate. Reimbursement for any outpatient radiology services, whether provided by hospitals or ambulatory surgical centers, are subject to the Maximum Allowable Fees for the respective *CPT* code(s) that are contained within the Radiology Section of this Fee Schedule.
6. **PATHOLOGY OR LABORATORY CHARGES:** Reimbursement for all inpatient and outpatient pathology and laboratory services provided by hospitals or ambulatory surgical centers are subject to the Maximum Allowable Fees for the respective *CPT* code(s) that are contained within the Pathology and Laboratory Section of this Fee Schedule.
7. **INPATIENT CARE:** Charges for inpatient hospital care of more than one day shall be subject to review in cases where the patient is ambulatory. The attending health care provider will be required to submit sufficient information to substantiate why inpatient care was necessary. Once the patient's condition becomes such that further inpatient care is only a matter of personal convenience, the executive officer or administrator of the hospital or ambulatory surgical center should notify the employer (or insurance carrier) at once. Such notification should also be provided to the Director of Workers Compensation.
8. **DETERMINING PAYMENT FOR AMBULATORY SURGICAL CENTERS INVOLVING MULTIPLE OR BILATERAL PROCEDURES:** The Surgery Ground Rules for multiple or bilateral procedures are similarly applied to individual billed charges submitted by ambulatory surgical centers. Please refer to the **Surgery Section** of this fee schedule for details and examples. Note that the variable discount will still apply to any multiple or bilateral procedures.
9. **FACILITY FEES:** Ambulatory Surgical Centers must indicate that services provided and identified by a *CPT* code, reflect a facility fee, rather than the maximum amount related to the *CPT* code and its Unit Value defined for an individual provider.

Outpatient facility fees are only reimbursed if the facility is credentialed at the appropriate level for the services provided. Such credentials include:

- A. Joint Commission on Accreditation of Healthcare Organizations (JCAHO); or
- B. Kansas Department of Health and Environment (KDHE) licensure as an ambulatory surgical center; or
- C. The facility level of safety, monitoring and quality of care as the JCAHO or KDHE licensure requires and has documented use showing the processes and procedures are in practice. In all other cases, a facility fee is not reimbursable without prior agreement from the payer, regardless of location of service.

# HOSPITAL/AMBULATORY SURGICAL CENTER GROUND RULES AND FEES

- 10. PHYSICIAN CHARGES:** A hospital or ambulatory surgical center shall bill for services provided by a physician **only if** that service involves: both professional and technical components; and, the physician is a contract employee of said facility. **Both** of these conditions **must** be satisfied for the hospital to bill. Services of this type would most frequently be in the physician specialty areas of radiology, pathology, or emergency room.

Billing for any physician service is to be submitted using the CMS 1500 form (or an equivalent form) containing the appropriate information as well as identifying the specific *CPT* codes that were involved. Note also that the maximum allowable payment to a physician providing services in a hospital or ambulatory surgical center is to be **limited to the maximum allowable payment** that is contained within this Fee Schedule, which applies to the particular *CPT* code(s) being submitted.

- 11. PROFESSIONAL AND TECHNICAL COMPONENTS:** Hospitals and ambulatory surgical centers must recognize that a difference may exist between the professional and technical components of services provided. It is, therefore, necessary to amend the billing process to specify, by use of modifiers, when only the professional component or the technical component was provided.

- 12. ROOM:** Charges for other than semiprivate or ward service shall be subject to review, and must be accompanied by a statement identifying the source of authorization and necessity for other types of accommodations.

- 13. SURGICAL IMPLANTABLES:** Reimbursement for any single surgical implantable item (e.g., rods, pins, screws, plates, prosthetic joint replacements) and which is made of plastic, metallic, or of autogenous/non-autogenous graft material that reflects a charge of \$250.00 or more, is to be determined by cost to the hospital or ambulatory surgical center plus a 20% markup above the invoice cost. A copy of the invoice (date of purchase within twelve months of implantation) must be submitted with the bill.

- 14. DURABLE MEDICAL EQUIPMENT:** Items such as wheelchairs, crutches, etc. when supplied by a hospital or ambulatory surgical center for the care of an inpatient or outpatient and billed with a charge of \$250.00 or more will be reimbursed at invoice cost plus a 20% markup. Verification of such cost must be attached to the bill when it is submitted for payment.

In accordance with Kansas Law, the Kansas Department of Revenue does not collect sales tax on Durable Medical Equipment, if purchased with a prescription or written order from the physician ordering the item classified as Durable Medical Equipment.

- 15. TRANSFUSIONS:** Charges for any blood transfusions shall be subject to review, to determine if the patient made any arrangements to obtain replacement units on his or her own.

- 16. REVIEWS AND AUDITS:** The employer (or insurance carrier) has the right to conduct, or make arrangements for a bill audit of inpatient services to determine that such services were directly related to the compensable injury. The hospital or ambulatory surgical center should not make any additional charges on a given case under review during the course of the bill audit, unless it is for service which would not be covered under the Workers Compensation Act.

- 17. COST CONTAINMENT:** Nothing in this section shall preclude an employer (or insurance carrier) from entering into payment agreements with hospitals or ambulatory surgical centers in their community to promote the continuity of care and the reduction of health care costs. Such payment agreements, if less, will supersede the limitation amounts specified herein. Please refer to K.S.A. 44-510i(e) for further clarification, if necessary.

# MEDICAL EQUIPMENT AND SUPPLIES GROUND RULES AND FEES

1. **GENERAL:** Reimbursement for certain medically necessary equipment, devices, or supplies (except for Prosthetic and/or Orthotic devices) that are appropriate and medically necessary as a result of a compensable injury shall be limited to the supplier's cost plus 40%. If the charge for a single item (equipment, device, or supply) or the charge for a line item total is more than \$100.00, verification of the supplier's costs must be attached to the provider's bill.

Reimbursement for any prosthetic and/or orthotic devices (excluding prosthetic surgical implants), regardless of the charge, shall be limited to the 2007 Medicare Fee Schedule, **plus an additional 25%**, as reflected by the L Code System of the 2007 Healthcare Common Procedure Coding System (HCPCS). Additionally, any charges for any prosthetic and/or orthotic devices shall be billed using the L Code System of the Healthcare Common Procedure Coding System (HCPCS), and submitted using the CMS (formerly HCFA) 1500 form or an equivalent form containing the same information.

Included herein are the Prosthetic and Orthotic Fee Schedule Allowances. The 2007 HCPCS allowances were obtained from Cigna HealthCare who is under contract with CMS as the Durable Medical Equipment Regional Carrier (DMERC). DMERC provides claims administration for Durable Medical Equipment, Prosthetics, Orthotics, and Supplies (DMEPOS). The maximum payments, as listed, include an additional 25% which has been added to the 2007 HCPCS L Codes.

Note carefully the various modifiers pertaining to the L Codes. Modifiers -KM and -KN are applicable to facial prostheses (codes L8040 through L8047). Modifiers -NU, -RR, and -UE apply to wheelchairs and are used in conjunction with codes L3964 through L3974.

-KM	Replacement of facial prosthesis including new impression/moulage.
-KN	Replacement of facial prosthesis using previous master model.
-NU	New Equipment
-RR	Rental of Equipment
-UE	Used Equipment

**Be advised further that the rates contained within this section for the various L Codes will remain in effect until the next revision of the Kansas Workers Compensation Schedule of Medical Fees.**

Any equipment or supplies, including prosthetic and/or orthotic devices, not specifically recommended or prescribed by a health care provider shall not be reimbursed. In the event, however, a health care provider recommends and/or prescribes the use of any medical equipment or supplies (e.g., special size of gauze) that can be purchased over-the-counter, and the injured employee pays for said medical supply directly, the injured employee is entitled to be reimbursed for the purchase of such equipment or supplies. The injured employee must submit copies of any receipts and/or proofs of purchase to the employer (or insurance carrier) for proper reimbursement. However, a pharmacy may bill the insurer directly for payment, at the usual and customary price for the pharmacy, for items recommended by a health care provider.

2. **PRIOR AUTHORIZATION:** Prior authorization, by the employer (or insurance carrier), is required on whether to rent or purchase an item. The decision to rent or purchase shall be made by the employer, an authorized representative, or the insurance carrier, based on a cost comparison of the monthly rental fee, the prescribing health care provider's estimate of how long the item will be needed, and the purchase price.
3. **FORMS:** Items which are prescribed for work-related injuries should be billed using the CMS 1500 form.
4. **COST CONTAINMENT:** Nothing in this section shall preclude an employer (or insurance carrier) from entering into a contract with a qualified supplier for the renting or purchasing of items that are medically necessary. Such contract, if less, will supersede the limitation amounts specified herein. Please refer to K.S.A. 44-510i(e) for further clarification, if necessary.

# **PRESCRIPTION SERVICES GROUND RULES AND FEES**

1. **GENERAL:** Reimbursement for prescription drugs shall be limited to the amount established by the following formulas or by the pharmacist's or health care provider's usual and customary charge, whichever is less, **AND, whenever possible, it is required that a generic equivalent be substituted for a more expensive brand-name drug.**

**AWP less 10% + \$5.00 for generic drugs  
AWP less 10% + \$4.00 for brand name drugs**

2. **DETERMINING AWP:** The average wholesale price (AWP) for brand name and generic drugs shall be determined by using any recognized reference such as the Red Book, which makes this information available. AWP shall be based upon the date the prescription was dispensed.
3. **AUTHORIZED PRESCRIPTION NECESSARY:** Any medication, drugs, or medical supplies not specifically prescribed by a health care provider shall not be reimbursed. In the event, however, a health care provider recommends and/or prescribes any medication, drugs, or medical supplies that can be purchased over-the-counter (without a prescription), and the injured employee pays for said medication, drugs, or medical supplies directly, the injured employee is entitled to be reimbursed. The injured employee, however, must submit copies of any receipts and/or proofs of purchase to the employer (or insurance carrier) for proper reimbursement. Additionally, and as opposed to the injured employee paying for said medication, drugs, or medical supplies, the pharmacy can bill the insurer directly, for payment at the usual retail rate for said pharmacy.
4. **PRIOR AUTHORIZATION FOR MORE THAN 30-DAY SUPPLIES:** Prior authorization by the employer (or insurance carrier) is required for the dispensing of more than a 100 unit dose or 30-day supply of medication. Any refilling of this medication will also require prior authorization.
5. **ITEMIZATION:** Any bills for medication shall be itemized for proper reimbursement, except for drugs furnished by a hospital or other health care facility which include the associated charges in the inpatient hospital service charges.
6. **FORMS:** The pharmacist or health care provider shall use the CMS 1500 form (or an equivalent form) containing the same information. When using such a form, the pharmacist or health care provider shall include the metric quantity and National Drug Code (NDC) number of the drug being dispensed. Items which are prescribed for a work-related injury and do not have an NDC code shall be specifically identified as being a supply.
7. **COST CONTAINMENT:** Nothing in this section shall preclude an employer (or insurance carrier) from entering into a contract with pharmacists or health care providers in their community to promote the continuity of care and the reduction of pharmacy costs. Such a contract shall supersede any limitation specified herein, as long as any charges are less than or equal to the formulas reflected above to determine reimbursement for prescription drugs. Please refer to K.S.A. 44-510i(e) for further clarification, if necessary.

# VOCATIONAL REHABILITATION SERVICES GROUND RULES

1. **VENDOR ADMINISTRATIVE AND CLERICAL COSTS:** The cost of administrative and clerical services shall be covered by, and be included in, the rates charged by the vendor for professional and nonprofessional services (specified under Items A and B in the Schedule), up to the approved Maximum Fees and limits.
2. **EXCEEDING TOTAL CASE COST LIMITS SPECIFIED BY THE SCHEDULE:** The nonprofessional and total case cost caps may be increased by the Workers Compensation Rehabilitation Administrator upon submission of the required request documentation by the vendor.
3. **DEFINITIONS AND EXAMPLES:**

**Nonprofessional services:** those activities which are performed by a qualified rehabilitation professional but which are not professional in nature, which do not directly and in themselves result in a benefit to the parties; these include travel and waiting time.

**Miscellaneous expenses:** these include long distance phone charges, mileage, tolls, food and lodging, parking, and special mailing costs (such as overnight or certified return receipt delivery).

4. **COST CONTAINMENT:** Nothing in this section shall preclude an employer (or insurance carrier) from entering into payment agreements to promote the continuity of care and the reduction of health care costs. Such payment agreements, if less, will supersede the limitation amounts specified herein. Please refer to K.S.A. 44-510i(e) for further clarification, if necessary.

# **DEPOSITIONS, TESTIMONY, AND MEDICAL RECORDS REPRODUCTION GROUND RULES AND FEES**

- 1. DEPOSITIONS AND TESTIMONY:** In determining fees for medically related depositions or testimony rendered on behalf of employees receiving benefits under the Kansas Workers Compensation Act, the following guideline shall be used:

A health care provider's time for giving a deposition or testimony shall be billed using *CPT* Code 99075. Reimbursement is to be at the health care provider's usual and customary charge, not to exceed the following:

- \$300.00 for the first hour
- Plus an allowance of \$75.00 for each additional 15-minute increment
- Travel time may also be reimbursed, but is limited to one-half the prescribed hourly rate for a deposition or testimony.

Anticipating that a health care provider may require time to prepare for a deposition and/or testimony, charges for the review of previously reviewed records in preparation for said deposition or court appearance are subject to the following maximum allowable fees:

- \$75.00 for a review of medical records for the first 50 pages
- \$37.50 for each additional 50 pages or part thereof

- 2. INDEPENDENT MEDICAL EXAMINATIONS (IMEs) AND OTHER SPECIAL EXAMINATIONS AND/OR REPORTS:** In determining the fee for any necessary IMEs and other special examinations or reports rendered on behalf of employees receiving benefits under the Kansas Workers Compensation Act, the following guideline shall be used:

A health care provider's time for performing an IME or other special type of examination or report, shall be reimbursed at the health care provider's usual and customary charge, not to exceed the following:

- \$300.00 for the first hour
- Plus an allowance of \$75.00 for each additional 15-minute increment.
- Travel time may also be reimbursed, but is limited to one-half the prescribed hourly rate for an IME or other special type of examination or report.

Charges for any related review of medical records for, or in association with an IME, or other special type of examination or report, are subject to the following maximum allowable fees:

- \$100.00 for all or part of the first 50 pages
- \$75.00 for each additional 50 pages or part thereof

Payments to health care providers for performing an IME and any related review of medical records, or other special type of examination or report, are to be made in compliance with guidelines of this fee schedule and are not subject to any form of discount (other than those individually negotiated) which might be imposed. For example, it is not allowed that a health care provider will be reimbursed at a discounted rate because a Workers Compensation claim had been settled for an amount less than originally contemplated.

# **DEPOSITIONS, TESTIMONY, AND MEDICAL RECORDS REPRODUCTION GROUND RULES AND FEES**

**Reimbursement for performing an IME, other special type of report, or examination shall include that written documentation of such service(s), be provided to the insurance carrier, and the person or agency requesting such service(s).** There will be no charge to the Kansas Division of Workers Compensation if a copy of such service documentation is requested. However, further additional copies, if necessary, shall initially be requested of the insurance carrier. In the event that requested copies are not obtainable from the carrier, prepayment will be required to obtain additional copies from the physician or other health care provider. The charges for providing additional copies is not to exceed the usual and customary charges of said provider, or those as outlined in the Workers Compensation Schedule of Medical Fees, whichever is less.

3. **REPRODUCTION OF MEDICAL RECORDS:** Note: Medical records related to Workers Compensation are not included in the medical records copying charges contained in Senate Bill 119 (2002) codified as K.S.A. 65-4971. Reimbursement for the reproduction of an employee's medical records (inclusive of any ancillary expenses such as postage, sales tax, and fees for notarized affidavits of records custodians, which are not to be charged as separate items) should be at the health care provider's usual and customary charge, not to exceed the following:

Up to 10 pages:	\$16.00
11-50 pages:	\$28.00 (\$16.00 for the 1st 10 pages plus \$12.00 for 11-50 pages)
Above 50 pages:	\$28.00, plus \$0.35 per page above 50

The maximum allowable payment for the copying of medical records is applicable to any health care provider, business, or other entity providing any forms of copying services. Any additional charges submitted by/for copying services are prohibited. Any payments made in advance for copying medical records that exceed the allowable payments of this fee schedule, must be refunded.

A health care provider has the responsibility to submit supporting information or documentation (**except for routine office notes**) when seeking timely payment and reimbursement for the services provided. If the payer has not received all the necessary information to process payment and thus, sends a request to the health care provider for said information, such information should be provided at no charge, in order to expedite payment of the service. However, in the event the payer routinely requests an entire medical record (including all related documentation) of the services provided in order to process the claim, it is acceptable for the health care provider to submit a bill to the payer in accordance with the above guidelines as it relates to the reimbursement for the reproduction of medical records.

An "access fee" or "administrative fee" for providing specific and limited information is inappropriate as an additional charge. However, when records are stored off-site, any expense involved in the retrieval of such records will be reimbursed upon receipt of the necessary documentation substantiating the expense incurred for retrieving said medical records.

Reimbursement for the reproduction of medical records also applies to copies of microfiche or any other types of storage systems such as electronic media, etc. Health care providers may also charge up to \$5.00 a film for the copying of x-rays.

# **DEPOSITIONS, TESTIMONY, AND MEDICAL RECORDS REPRODUCTION GROUND RULES AND FEES**

4. **REIMBURSEMENT FOR MILEAGE AND TRAVEL TIME ASSOCIATED WITH DEPOSITIONS, TESTIMONY, OR INDEPENDENT MEDICAL EXAMINATIONS:** Mileage (including any tolls and parking fees actually incurred) to and from the place of a deposition, testimony, or independent medical examination is to be reimbursed at the rate prescribed for compensation of state officers and employees pursuant to K.S.A. 75-3203a.
5. **CANCELLATION AND/OR RESCHEDULING OF A DEPOSITION, TESTIMONY, OR IME:** If notice of cancellation or a request to reschedule a deposition, testimony, or IME is less than two working days, a maximum charge of \$150.00 is allowable. **Note: Any payment exceeding \$150.00 that a health care provider received in advance is to be refunded, as no actual deposition, testimony or IME was provided.**
6. **FAILURE OF PATIENT TO KEEP A SCHEDULED APPOINTMENT FOR AN IME:** With regard specifically to an IME, and in the event a patient fails to keep a scheduled appointment for an IME, the health care provider is allowed to make a maximum charge of \$150.00 for the services that would have been provided by said appointment (i.e., a maximum charge of \$150.00 for a "no show" appointment is allowed). Additionally, if a review of medical records was required to prepare for an IME, charges for such record reviews may be added to the charge of \$150.00 for the services that would have been provided by said appointment.
7. **ITEMIZATION OF CHARGES:** All bills submitted for payment shall be itemized and shall include the following CPT code(s) as appropriate, for proper reimbursement:

99075 Medical testimony (including depositions)  
99199 Unlisted special service or report

8. **COST CONTAINMENT:** Nothing in this section shall preclude an employer (or insurance carrier) from entering into payment agreements to promote the continuity of care and the reduction of health care costs. Such payment agreements, if less, will supersede the limitation amounts specified herein. Please refer to K.S.A. 44-510i(e) for further clarification, if necessary.

# **AMBULANCE AND AIRCRAFT SERVICES GROUND RULES AND FEES**

1. **GENERAL:** Reimbursement for ambulance services (both ground and air transportation) will be limited to the emergency medical service's usual and customary charge, **less 10%**.
2. **BILLING DOCUMENTATION:** When bills are submitted for reimbursement, they must include documentation of the distance traveled, the number of passengers (patients) transported, and the specific services required.
3. **SPECIAL SERVICES:** Billings for any additional required services, such as specialized life support care, extra attendants, or administration of medications, may be submitted with substantiation that such additional services were warranted. Reimbursement for these additional services is also limited to the usual and customary charge, **less 10%**.
4. **COST CONTAINMENT:** Nothing in this section shall preclude an employer (or insurance carrier) from entering into payment agreements to promote the continuity of care and the reduction of health care costs. Such payment agreements, if less, will supersede the limitation amounts specified herein. Please refer to K.S.A. 44-510i(e) for further clarification, if necessary.

# **NURSING HOMES / INTERMEDIATE CARE FACILITIES GROUND RULES AND FEES**

1. **GENERAL:** Reimbursement for nursing homes or intermediate care facilities will be limited to their usual and customary charge, **less 15%**. Workers Compensation patients should not be charged a fee that is higher than that of privately insured patients.
2. **PRIOR AUTHORIZATION:** Prior Authorization from the employer (or insurance carrier) is required before admission to a nursing home or intermediate care facility.
3. **PHYSICIAN CHARGES:** All physician charges, regardless of the setting or location in which the services were provided, are subject to the limits of this fee schedule. All physician billings must be submitted on the CMS 1500 form (or an equivalent form) containing the same information.
4. **COST CONTAINMENT:** Nothing in this section shall preclude an employer (or insurance carrier) from entering into payment agreements with nursing homes or intermediate care facilities to promote the continuity of care and the reduction of health care costs. Such payment agreements, if less, will supersede the limitation amounts specified herein. Please refer to K.S.A. 44-510i(e) for further clarification, if necessary.

# APPENDIX A - MODIFIERS

**MODIFIERS:** Procedure codes may be modified under the circumstances described below. The circumstances are to be identified by the addition of a hyphen and the appropriate two-digit modifier code. Only one modifier should be added to any single five-digit *CPT* code, submitted by an individual health care provider. The modifiers that may be used are as follows:

- 21 **Prolonged Evaluation and Management Services:** When the face-to-face or floor/unit service(s) provided is prolonged or otherwise greater than that usually required for the highest level of evaluation and management service within a given category, it may be identified by adding modifier -21 to the evaluation and management code number. A report may also be appropriate.
- 22 **Unusual Procedural Services:** When the service(s) provided is greater than that usually required for the listed procedure, it may be identified by adding modifier -22 to the usual procedure code. A report may also be appropriate.
- 23 **Unusual Anesthesia:** Occasionally, a procedure, which usually requires either no anesthesia or local anesthesia, because of unusual circumstances must be done under general anesthesia. This circumstance may be reported by adding modifier -23 to the procedure code of the basic service.
- 24 **Unrelated Evaluation and Management Service by the Same Physician During a Postoperative Period:** The physician may need to indicate that an evaluation and management service was performed during a postoperative period for a reason(s) unrelated to the original procedure. This circumstance may be reported by adding modifier -24 to the appropriate level of E/M service.
- 25 **Significant, Separately Identifiable Evaluation and Management Service by the Same Physician on the Same Day of the Procedure or Other Service:** The physician may need to indicate that on the day a procedure or service identified by a *CPT* code was performed, the patient's condition required a significant, separately identifiable E/M service above and beyond the other service provided or beyond the usual preoperative and postoperative care associated with the procedure that was performed. The E/M service may be prompted by the symptom or condition for which the procedure and/or service was provided. As such, different diagnoses are not required for reporting the E/M services on the same date. This circumstance may be reported by adding modifier -25 to the appropriate level of E/M service. **Note:** This modifier is not used to report an E/M service that resulted in a decision to perform surgery. See modifier -57. **Note that this modifier has also been approved for Ambulatory Surgery Center (ASC) and Hospital Outpatient Use.**
- 26 **Professional Component:** Certain procedures are a combination of a physician component and a technical component. When the physician component is reported separately, the service may be identified by adding modifier -26 to the usual procedure code.
- TC **Technical Component:** When the professional component is reported separately, the technical component must be reported separately. The technical component will be the total value less the value for the professional component. Identify by adding modifier -TC to the usual procedure code.

## APPENDIX A - MODIFIERS

- 27 **Multiple Outpatient Hospital E/M Encounters on the Same Date:** For hospital outpatient reporting purposes, utilization of hospital resources related to separate and distinct E/M encounters performed in multiple outpatient hospital settings on the same date may be reported by adding modifier -27 to each appropriate level outpatient and/or emergency department E/M codes(s). This modifier provides a means of reporting circumstances involving evaluation and management services provided by physician(s) in more than one (multiple) outpatient hospital setting(s) (e.g., hospital emergency department, clinic). **Note:** This modifier is not to be used for physician reporting of multiple E/M services performed by the same physician on the same date. For physician reporting of all outpatient evaluation and management services provided by the same physician on the same date and performed in multiple outpatient setting(s) (e.g., hospital emergency department, clinic), see **Evaluation and Management Emergency Department Services, or Preventive Medicine Services codes.** Note that this modifier has also been approved for Ambulatory Surgery Center (ASC) and Hospital Outpatient Use.
- 32 **Mandated Services:** Services related to *mandated* consultation and/or related services (e.g., PRO, third party payer, governmental, legislative or regulatory requirement) may be identified by adding modifier -32 to the basic procedure.
- 47 **Anesthesia by Surgeon:** Regional or general anesthesia provided by the surgeon may be reported by adding modifier -47 to the basic service. (This does not include local anesthesia.) **Note:** Modifier -47 would not be used as a modifier for the anesthesia procedures.
- 50 **Bilateral Procedure:** Unless otherwise identified in the listings, bilateral procedures that are performed at the same operative session should be identified by adding modifier -50 to the appropriate five-digit code. **Note that this modifier has also been approved for Ambulatory Surgery Center (ASC) and Hospital Outpatient Use.**
- 51 **Multiple Procedures:** When multiple procedures, other than E/M services, are performed at the same session by the same provider, the primary procedure or service may be reported as listed. The additional procedure(s) or service(s) may be identified by appending modifier -51 to the additional procedure or service code(s). **Note:** This modifier should not be appended to designated "add-on" codes.
- 52 **Reduced Services:** Under certain circumstances, a service or procedure may be partially reduced or eliminated at the physician's discretion. Under these circumstances, the service provided can be identified by its usual procedure code and the addition of modifier -52, signifying that the service is reduced. This provides a means of reporting reduced services without disturbing the identification of the basic service. **Note that this modifier has also been approved for Ambulatory Surgery Center (ASC) and Hospital Outpatient Use.**
- 53 **Discontinued Procedure:** Under certain circumstances, the physician may elect to terminate a surgical or diagnostic procedure. Due to extenuating circumstances or those that threaten the well being of the patient, it may be necessary to indicate that a surgical or diagnostic procedure was started but discontinued. This circumstance may be reported by adding modifier -53 to the code for the discontinued procedure. Note: This modifier is not used to report the elective cancellation of a procedure prior to the patient's anesthesia induction and/or surgical preparation in the operating suite.

## APPENDIX A - MODIFIERS

- 54 **Surgical Care Only:** When one physician performs a surgical procedure and another provides preoperative and/or postoperative management, surgical services may be identified by adding modifier -54 to the usual procedure code.
- 55 **Postoperative Management Only:** When one physician performed the postoperative management and another physician performed the surgical procedure, the postoperative component may be identified by adding modifier -55 to the usual procedure code.
- 56 **Preoperative Management Only:** When one physician performed the preoperative care and evaluation and another physician performed the surgical procedure, the preoperative component may be identified by adding modifier -56 to the usual procedure code.
- 57 **Decision for Surgery:** An evaluation and management service that resulted in the initial decision to perform the surgery may be identified by adding modifier -57 to the appropriate level of E/M service.
- 58 **Staged or Related Procedure or Service by the Same Physician During the Postoperative Period:** The physician may need to indicate that the performance of a procedure or service during the postoperative period was: a) planned prospectively at the time of the original procedure (staged); b) more extensive than the original procedure; or c) for therapy following a diagnostic surgical procedure. This circumstance may be reported by adding modifier -58 to the staged or related procedure. **Note:** This modifier is not used to report the treatment of a problem that requires a return to the operating room. See modifier -78. **Note that this modifier has also been approved for Ambulatory Surgery Center (ASC) and Hospital Outpatient Use.**
- 59 **Distinct Procedural Service:** Under certain circumstances, the physician may need to indicate that a procedure or service was distinct or independent from other services performed on the same day. Modifier -59 is used to identify procedures/services that are not normally reported together, but are appropriate under the circumstances. This may represent a different session or patient encounter, different procedure or surgery, different site or organ system, separate incision/excision, separate lesion, or separate injury (or area of injury in extensive injuries) not ordinarily encountered or performed on the same day by the same physician. However, when another already established modifier is appropriate, it should be used rather than modifier -59. Only if no more descriptive modifier is available, and the use of modifier -59 best explains the circumstances, should modifier -59 be used. **Note that this modifier has also been approved for Ambulatory Surgery Center (ASC) and Hospital Outpatient Use.**
- 62 **Two Surgeons:** When two surgeons work together as primary surgeons performing distinct part(s) of a procedure, each surgeon should report his/her distinct operative work by adding modifier -62 to the procedure code and any associated add-on code(s) for that procedure as long as both surgeons continue to work together as primary surgeons. Each surgeon should report the co-surgery once using the same procedure code. If additional procedure(s) (including add-on procedure(s)) are performed during the same surgical session, separate code(s) may be reported without modifier -62 added. **Note:** If a co-surgeon acts as an assistant in the performance of additional procedure(s) during the same surgical session, those services may be reported using separate procedure code(s) with the modifier -80 or modifier -82 added, as appropriate.

## APPENDIX A - MODIFIERS

- 66 **Surgical Team:** Under some circumstances, highly complex procedures (requiring the concomitant services of several physicians, often of different specialties, plus other highly skilled, specially trained personnel and various types of complex equipment) are carried out under the "surgical team" concept. Such circumstances may be identified by each participating physician with the addition of modifier -66 to the basic procedure code used for reporting services.
- 73 **Discontinued Out-Patient Hospital/Ambulatory Surgery Center (ASC) Procedure Prior to the Administration of Anesthesia:** Due to extenuating circumstances or those that threaten the well being of the patient, the physician may cancel a surgical or diagnostic procedure subsequent to the patient's surgical preparation (including sedation when provided, and being taken to the room where the procedure is to be performed) but prior to the administration of anesthesia (local, regional block(s) or general). Under these circumstances, the intended service that is prepared for but canceled can be reported by its usual procedure code and the addition of modifier -73. **Note:** The elective cancellation of a service prior to the administration of anesthesia and/or surgical preparation of the patient should not be reported. For physician reporting of a discontinued procedure, see modifier -53.
- 74 **Discontinued Out-Patient Hospital/Ambulatory Surgery Center (ASC) Procedure After Administration of Anesthesia:** Due to extenuating circumstances or those that threaten the well being of the patient, the physician may terminate a surgical or diagnostic procedure after the administration of anesthesia (local, regional block(s), general) or after the procedure was started (incision made, intubation started, scope inserted, etc. Under these circumstances, the procedure started but terminated can be reported by its usual procedure number and the addition of modifier -74. **Note:** The elective cancellation of a service prior to the administration of anesthesia and/or surgical preparation of the patient should not be reported. For physician reporting of a discontinued procedure, see modifier -53.
- 76 **Repeat Procedure by Same Physician:** The physician may need to indicate that a procedure or service was repeated subsequent to the original procedure or service. This circumstance may be reported by adding modifier -76 to the repeated procedure/service. **Note that this modifier has also been approved for Ambulatory Surgery Center (ASC) and Hospital Outpatient Use.**
- 77 **Repeat Procedure by Another Physician:** The physician may need to indicate that a basic procedure or service performed by another physician had to be repeated. This situation may be reported by adding modifier -77 to the repeated procedure/service. **Note that this modifier has also been approved for Ambulatory Surgery Center (ASC) and Hospital Outpatient Use.**
- 78 **Return to the Operating Room for a Related Procedure During the Postoperative Period:** The physician may need to indicate that another procedure was performed during the postoperative period of the initial procedure. When this subsequent procedure is related to the first, and requires the use of the operating room, it may be reported by adding modifier -78 to the related procedure. (For repeat procedures on the same day, see modifier -76.) **Note that this modifier has also been approved for Ambulatory Surgery Center (ASC) and Hospital Outpatient Use.**

## APPENDIX A - MODIFIERS

- 79 **Unrelated Procedure or Service by the Same Physician During the Postoperative Period:** The physician may need to indicate that the performance of a procedure or service during the postoperative period was unrelated to the original procedure. This circumstance may be reported by using modifier -79. (For repeat procedures on the same day, see modifier -76.) **Note that this modifier has also been approved for Ambulatory Surgery Center (ASC) and Hospital Outpatient Use.**
- 80 **Assistant Surgeon:** Surgical assistant services may be identified by adding modifier -80 to the usual procedure numbers(s).
- 81 **Minimum Assistant Surgeon:** Minimum surgical assistant services are identified by adding modifier -81 to the usual procedure code.
- 82 **Assistant Surgeon (when qualified resident surgeon not available):** The unavailability of a qualified resident surgeon is a prerequisite for use of modifier -82 appended to the usual procedure code number(s).
- NP **Non-Physician Assistant:** A non-physician such as a physician assistant or registered nurse who assists during surgery is to be identified by adding modifier -NP to the usual procedure number.
- 90 **Reference (Outside) Laboratory:** When laboratory procedures are performed by a party other than the treating or reporting physician, the procedure may be identified by adding modifier -90 to the usual procedure code.
- 91 **Repeat Clinical Diagnostic Laboratory Test:** In the course of treatment of the patient, it may be necessary to repeat the same laboratory test on the same day to obtain subsequent (multiple) test results. Under these circumstances, the laboratory test performed can be identified by its usual procedure number and the addition of modifier -91. **Note:** This modifier may not be used when tests are rerun to confirm initial results; due to testing problems with specimens or equipment; or for any other reason when a normal, one-time, reportable result is all that is required. This modifier may not be used when other code(s) describe a series of test results (e.g., glucose tolerance tests, evocative/suppression testing). This modifier may only be used for laboratory test(s) performed more than once on the same day on the same patient. **Note that this modifier has also been approved for Ambulatory Surgery Center (ASC) and Hospital Outpatient Use.**
- 99 **Multiple Modifiers:** Under certain circumstances, two or more modifiers may be necessary to completely delineate a service. In such situations, modifier -99 should be added to the basic procedure, and other applicable modifiers shall be listed as part of the description of the service.

# APPENDIX B

## QUICK REFERENCE TABLE

This appendix is provided as a supplement to this schedule of medical fees and is to provide a rapid determination of the dollar amount associated with the particular Procedure Code. The dollar amount specified herein was calculated by multiplying the respective conversion factor of the fee schedule section by the Unit Value of the Procedure Code that was used for billing purposes.

The **Anesthesia** section was not included in this quick reference table, as the determination of the maximum allowable payment incorporates the variable of time required for the provision of each service. Refer to Anesthesia section of this fee schedule for the maximum allowable payment.

**RADIOLOGY CHARGES:** Radiology services provided by hospitals or ambulatory surgical care facilities on an outpatient basis are exempt from the variable discount, and are therefore subject to the Maximum Fees in the Radiology Section.

**PATHOLOGY AND LABORATORY CHARGES:** Pathology and Laboratory services provided by hospitals or ambulatory surgical care facilities are exempt from the variable discount, and are therefore subject to the Maximum Fees in the Pathology and Laboratory Section.
